FFWPU BROMLEY COMMUNITY NEWSLETTER

Vision Statement:

FFWPU Bromley seeks to foster joy and happiness by building a dynamic and caring community, establish and support loving families, extend the blessing and become a relevant force for good in the wider society.

Mission Statement:

To Reach Up, Reach out, and Reach In

Greetings from the Bromley Committee!

We do hope and pray that you and your families are well, children back at school and for the hopeful prospect of a spring and summer free from "lockdown".

Your committee is still active and meets on Zoom regularly to plan services, children's programmes and the strategy for the year ahead. We will soon need to think about where our community should make its base when we can meet together again and your ideas would be most welcome.

We are very inspired by these 3 initiatives originating in our community:

- Regular outreach and education by Greenwich CARP - led by Mieko Davies
- Annual WFWP painting competition - inspired by Ala Zubovskis
- First series of Wellbeing lectures - completed by Vladimir Barkanov

By now you all should have received a copy of FFWPU's Annual Report for 2020 from HQ. This is the first time such a detailed report has been produced and surely can make us proud of what we could achieve despite the pandemic. If you did not receive a copy and would like one, please let us know.

We would like to welcome more members onto the committee and would welcome your nominations.

We look forward to meeting again soon. Much love!

"Our philosophy of living for the sake of others is the driving force behind all of this. It is a fundamental truth that we should take care of those who are less fortunate than ourselves. A wealthy person who is grateful to others and helps others will create a wealthy community, nation and world." - True Mother's memoirs

Well-Being Lecture Series

Recently in the FFWPU Bromley community, Vladimir and several members completed our first well-being programme, which consisted of 7 short presentations with bite-sized practical exercises aimed to improve well-being and open up more opportunities to strengthen connections with God.

Heavenly Tribal Messiah

True Mother would very much like all Blessed families to become CheonBo Victors. This means liberating and Blessing 430 generations of our ancestors and also Blessing our physical tribe of 430 couples.

Several brothers and sisters now have some experience in this area and if you would like any help in understanding this providence and ideas how to achieve it, please contact David Franklin: dmmefranklin@gmail.com

True Mother's Speech at 5th Rally of Hope

"Respected leaders, peace ambassadors, and beloved blessed families both within and without the Heavenly Parent's Holy Community!

"Today, we can no longer delay things: this is an occasion on which to renew our resolve. Human history and civilizations have developed along rivers. Though 5,000 long years have passed since the Egyptian civilization flourished centered on the River Nile, Egypt today possesses a cultural heritage that is like a miracle. They were aware that life on earth was short and sought to be as close as possible to Heaven, with the hope that they might live forever in the eternal world. As a result, their heritage shows how much devotion they invested for that."
