Dear [insert name],

You are cordially invited to the online global **6th Rally of Hope**, streaming live at
www.RallyofHope.us this coming Saturday, May 8, at 8:30 p.m. EDT.

This ground-breaking virtual event series, sponsored by the Universal Peace Federation (UPF), has caught the attention of tens of millions of people worldwide with its focus on finding peaceful solutions to our world's most pressing problems. The 6th Rally of Hope features a world-class panel of speakers who will share insight on ways to promote peace in Northeast Asia, with special attention on the reunification of the Korean Peninsula.

With this goal in mind, the Rally of Hope will include the inauguration of **Think Tank 2022**, an emerging global network of top thought leaders and experts from the fields of faith, government, business, academia, media, arts and culture who are dedicated to a collaborative search for solutions to our most critical challenges.

This is your opportunity to connect with major influencers and be informed about new approaches to peace that rise above the noise and friction of our current world. We hope you will join us for this inspiring and informative free event, and become part of a growing faith-based movement that **empowers** everyday citizens like YOU!
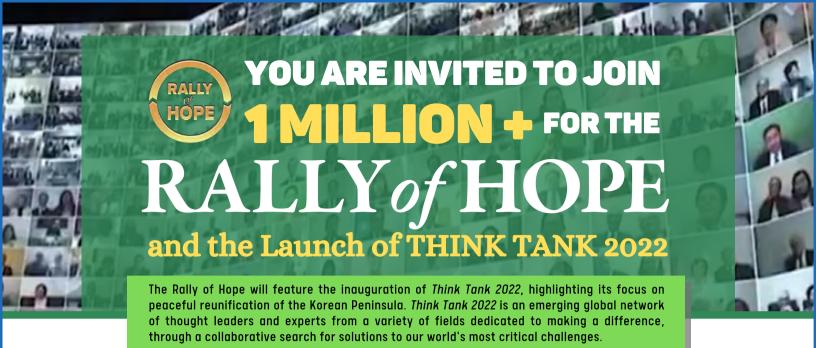

UPF Co-founder Dr. **Hak Ja Han Moon**, a native of present-day North Korea who fled to the south during the Korean War, will host the rally. She and her late husband, the Rev. Sun Myung Moon, have dedicated their lives to the betterment of humanity, with Dr. Moon most recently launching the virtual Rally of Hope series throughout the pandemic. A prestigious international roster of Keynote Speakers—including two Nobel Laureates and a COVID-19 vaccine developer—are highlighted in the attached flyer.

Dear friend, the Rally of Hope series transcends political, religious, racial and ideological boundaries and offers ways to effect **meaningful change** in the world. Together, we can truly build a transformational movement of people from all backgrounds who embrace freedom, peace, and unity.

Register here for this one-of-a-kind virtual event using new augmented reality technology to connect millions of peacemakers worldwide.

We'll see you there!

Sincerely,
