Hi,

We concluded an eventful matching education workshop last

week, *All About Matching!*

If you missed it or heard some good things about it, we've now packaged the entire workshop into a 5-video online course that you can start today. [Learn more about the course and sign up here.](#)

Just a few of the testimonies we received:

"Real-life examples of couples who have successfully made it through the matching process and received the Blessing. It was fun to hear their journeys and helped me gain inspiration!" - Participant

"The presentations were amazing! I liked the testimonies as well. Attending with my parents was really nice" - Participant

"Thank you very much to all the team for this amazing workshop! I wish I could have had this kind of education before my Blessing. It took me a lifetime to discover two-thirds of what our children can get at such a webinar. The best thing was that it not only emphasized how great the Blessing is, but also gave tools to young people on how to prepare to become the most marriageable person they can be before looking for someone." - Parent

Sign up and you'll get access to all five sessions.
