

FFWPU USA BFM: International Parents Matching Convocation in Asia June 20-21

Yun-A Johnson

June 11, 2020

Dear Parents, Applicants, and Candidates,

If you have a profile on the matching website Blessing4U.org, we want to extend an invitation to participate and have your profile presented at the upcoming Virtual Parents Matching Convocation hosted by BFD Asia.

It will be over two days June 20-21 and will focus solely on presenting the profiles of participants. The deadline to register is this coming Sunday, June 14. Please refer to [this link](#) to register and the format for profiles.

Be sure to update your profile and check that the pictures you have posted are clear and close up.

Please note that only parents and/or Matching Supporters can register to attend.

Due to different time zones, the PMC is very early in the morning in the USA. If a parent or Matching Supporter is unable to attend, then the participant can just send in the profile using the [PPT format in this link](#) and send it to bfmadmin@unification.org to be displayed by a BFM representative.

If you have any questions, please let us know.

Yun-A Johnson

Director, Blessing and Family Ministry

Asia-Pacific Online PMC

- Participants** : Parents of 2nd gen matching candidates, BFD leaders/staff, matching supporters (MS)
- Date** : June 20 (Saturday) - Introduction of male candidates
June 21 (Sunday) - Introduction of female candidates
4:00 – 6:30 pm (Bangkok time) each day.
- Registration** : forms.gle/3BJChVeakhYsuwri7
Deadline of registration is on June 14, 2020.

There will be no registration fee for this Online PMC. However, we would like to encourage all parents to give a donation of gratitude to your national BFD in support of further BFD activities in your country.

There will be no education program during the Online PMC. It is purely for the purpose of introducing your candidate to other parents. However, all parents attending the PMC must have completed the parent education program organized by your local BFD before the Online PMC.

We ask all parents and MS to prepare your child's profile for presentation according to the format provided. Please note that only Slides 1 and 2 of the PPT will be presented during the online PMC. Only parents and MS who registered online can present profiles during the PMC. You can submit your PPTs upon registration or you can send it to your BFD leaders or asiabfdstaff@gmail.com. Deadline of submission is strictly on June 14, 2020. Please note that we will not accept any late PPTs and that they will not be presented during the Online PMC.

We strongly suggest that all candidates complete their profiles on the Blessing4U website before the Online PMC so that interested parents can learn more about the candidates from the website.

On June 19, we will distribute the basic information of all candidates that will be presented during the Online PMC to the parents and MS for their information. Each candidate will have a number in the order of their presentation during the Online PMC.

Parents and MS will be given 1.5 - 2 minutes for each candidate that they are presenting. Our hosts will control the ppt presentation, so please make sure that the introduction of your candidate is very brief.

If you are interested in any of the candidates shown in the PMC, please write down the number of the candidate located in the upper left corner of the presentation. Upon request, we will send their profile to you, including Slide 3 of the PPT which contains more confidential information.

For further inquiries, please do not hesitate to contact your BFDs or asiabfdstaff@gmail.com

Yie Sun Vergara

When do you intend to begin marriage life?

Within 5 years

If the OTHER party has any of the following conditions, would you be able to accept them?

Re-Blessing	Yes	
Started Married Life		No
Purity issues before Special Grace	Yes	
Handicap or disability		No

As we are a family that works for the church, we hope that our future family-in-law would be able to understand that background. We hope that Yie Sun's future spouse can uphold the tradition of our church. She also plans to continue taking care of the second generation in the Philippines and we hope that her future husband would understand that wish.
