MatchNet is opening next week...

But only for the first 40 members!

MatchNet is a guide to becoming an extraordinarily marriageable person, and finding a matching partner that shares your vision and values to receive the Blessing with. For parents, it is a guide to help you support your family through the Matching Process and receive the Blessing.

First 40 Members

We will only be accepting the first 40 members who join. After we reach 40, we will open a waiting list until the next enrollment period. We will scale the program little by little as we further develop it.

FAQ

What's the inspiration behind MatchNet?

MatchNet is meant to answer the questions of *Why* and *How* when it comes to the Blessing. Why is the Blessing important to *me* and how can I prepare? Watch [this video](#) for more about the inspiration.

Is it for Singles and Parents?

Yes! The educational content of MatchNet is designed for single individuals who are preparing for the Matching Process and Blessing, as well as parents who want to know how to help their child navigate the Matching Process.

Why are you only accepting 40 members?

We will open the program up to more and more people over the next few months. It was decided to limit the initial number of enrollments so that we can focus our attention on their experience and develop the platform incrementally.

Is MatchNet available to all nations?

Yes, it is, but we are choosing to prioritize our focus on American families for the time being. Our end goal is to make MatchNet helpful and accessible to every family in the world, through more translated educational content and even scholarships for certain regions.

Why is there a membership fee?

All of the content about the Matching Process and how to get Blessed is still available for free, and has been for many years. At this time, we decided to prioritize our focus on an exclusive group of members for an affordable price, and then grow that group little by little.

Is it another Matching website?

MatchNet is *not* a profile-based social platform like other websites. First, it is an educational platform, then secondly, it is a platform for connection. We work to support the already-existing Matching websites of our faith community.
