More about MatchNet

What's the inspiration behind MatchNet?

MatchNet is meant to answer the questions of *Why* and *How* when it comes to the Blessing. Why is the Blessing important to me and how can I prepare? Watch the above video for more about the inspiration.

Why is there a membership fee?

All of the content about the Matching Process and how to get Blessed is still available for free, and has been for many years. At this time, we decided to prioritize our focus on an exclusive group of members for an affordable price, and then grow that group little by little.

Is it for Singles and Parents?

Yes! The educational content of MatchNet is designed for single individuals who are preparing for the Matching Process and Blessing, as well as parents who want to know how to help their child navigate the Matching Process.

We encourage parents and children to go through the content together if possible. There is even a course that is just for parents about the Matching Process.

Is MatchNet available to all nations?

Yes, the educational content is perfect for people of all nations. However, the process to become a qualified Matching Candidate differs depending on your region.

Please check with your regional BFD to confirm your application process.

All course content is currently only available in English. Our end goal is to make MatchNet helpful and accessible to every family in the world.

Is it another Matching website?

MatchNet is *not* a profile-based social platform like other websites. First, it is an educational platform, then secondly, it is a platform for connection. We work to support the already-existing Matching websites of our faith community.
