Dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Mother: "All of us desire to live in happiness in a world of peace. We can attain this dream. Let us forgive our enemies, love our neighbours as if they were our own flesh and blood, and unite for the sake of peace. Let us advance toward one world under our Heavenly Parent. Join me in marching courageously forward until the day all people can live as brothers and sisters, as one great family." [1]

God's dream is the ideal world of heart and love. It is the world where everyone is a channel for the love of God, where everyone is a small God. God has never given up this dream. He has sent True Parents to open the way for this dream to become true.

We all can participate in realizing God's dream. How can we do that:

True Father: "When you live with the heart of God and the heart of parents, constructive and creative power is generated..... we can truly become dynamos to create a new world culture." [2]

This new culture is the culture of heart and love. We can establish this culture by becoming a channel for God, by loving as God loves, developing a true parental heart for everyone, including enemies, seeing people as God sees them and having God's dream and vision. We need to live as God lives:

True Father: "You are living God's life and whatever you do and wherever you go, your entire purpose is to live as God, giving His way of life and His love." [3]

This is the basic formula for the realization of the Kingdom of God. We all can adjust to that, and thus each one of us can become a force of goodness that changes the world from a world of conflict into a world of heart and love. We all have the potential, and we simply have to make use of it..

Love from Bruno
