Dear brothers and sisters,

Here another inspiration based on the words of True Father, True Mother and Heung Jin Nim (in the spiritual world):

Heung Jin Nim: "Never stop giving your heart for the sake of others." (1)

God never stops giving His heart for the sake of each one of His children, that means He never stops loving each and every human being. God's parental love is unchanging and unconditional. And we need to develop the same parental heart:

True Father: "If you want to become a son/daughter of God you have to resemble God's heart. Since God's heart is planted in the world, you have to love the people of the world." (2)

God loves the people of the world, no matter how much suffering they are causing Him. He loves mankind with pain in His heart. This is certainly not ideal, neither for God nor for mankind.

But God does not give up loving His children, simply because He has the heart of parents. God cannot hate His children:

True Father: "Many people accuse God, saying, "Look, God! Look at how evil that person is and how unworthy he/she is of Your love!" Yet, God replies, "Is that so? Well, I will still embrace him/her." That is the nature of our God, our Father. We have to ask ourselves a question: how much do we resemble God, our Father?" (3)

God loves and embraces even the most evil people, people who hurt His heart deeply every day. In the providence of restoration He works to restore and save all people of the world. When everyone is fulfilling the three great blessings, then God will love everyone with great joy in His heart. Then God's ideal will be fulfilled.

We need to inherit God's parental heart, which means we should not resent or hate people. We should not retaliate but keep loving them, no matter what. This, of course, does not mean to agree with their evil doings. It rather means that we help God to save everyone, by expressing God's parental heart towards them, just as our True Parents did and do wherever they go:

True Father: "Reverend Moon is one man who has been embracing everyone, including good people and evil people, trying to melt all their qualities with the true love of God. No one has thought in that fashion, let alone lived his entire life that way. Without a doubt, all mankind shall come under this one tradition. The True Father and True Mother have committed their lives for the sake of their mission, for embracing the enemy world." (4)

And this is our mission, too, to embrace and love everyone, with a parental heart, helping them to understand God's and True Parents' heart, and winning the world for God:

True Father: "Even though you are persecuted by all of this world, which is the realm of the enemy, you must love the evildoer with your whole heart. That is the condition you have to fulfill. God is most concerned about that condition, so those people who are striving to be God's children should also be most concerned about it. This standard of loving might appear simple, but it is the very boundary line between God and Satan. No one has understood this before. In order to go beyond this boundary, God cannot even regard His enemy as an enemy, and He must not take revenge. The conclusion is to love our enemy." (5)

The more we love the unlovable, the more we can achieve. We can heal the world:

True Father: "...let us sweep away the absurdities and evils of this world through the power of God's true love." (6)

How can we become able to love the "enemy" and save their life:

True Mother: "The capacity to forgive your enemy and save his or her life does not appear overnight. It requires that we eliminate the resentment and anger in our hearts and see the countenance of God in the face of our enemy." (7)

If we do that we become the light of the world:

True Mother: "You must become someone who shines a light, not only in this nation, not only in Asia, but throughout the world." (8)
