

True Mother: We can realize the dream of the kingdom of heaven on earth

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration based on the words of True Father, True Mother and Heung Jin Nim [in the spiritual world]:

Heung Jin Nim: "Heaven is in you, please express it! Don't just keep it to yourself. There is no meaning if you just keep it; you must show that you are a saint, not by the words, but by your action, by your heart, your joy of giving and sacrificing for the sake of others." [1]

Basically people should experience God through us. The more we inherit the heart of God, the more that can happen. By inheriting the heart of God, we create heaven in our hearts. Then people can experience the heart of God through us. At that point we can make a big difference, not only in the lives of individual people, but even on much higher levels, because then God can really use us in mighty ways:

True Father: "The more you practice the way of life of God, the more you resemble God, the more you become God-like. When you live God's way of life, you will emerge as a leader in your own world. You will become the central figure, just as God is the central figure of the entire universe." [2]

We do not inherit the heart of God just by doing some activities. It does not simply come by prayer or reading books. What really makes the difference, is constant practice, constant exercise of heart, to the limits. These limits we can confront as soon as people do not treat us nicely or fairly. Then we have plenty of chances of going beyond our limits, to higher and higher levels:

True Father: "True love means that when it is easy to love, you love, and when it is difficult, you still love. This distinguishes true love from false love." [3]

This is a very internal path. It is a path of purifying our heart, our motivation. Every day we go through countless situations where we can decide to follow fallen nature or true love. If we are not focused on growth of heart and love, we may miss many opportunities to grow. So we have to always keep our growth of heart at the forefront of our mind. Then everything else falls into place. And we are revolutionizing ourselves.

On such a path we may often wonder what direction to take, what true love means in this or that situation. Also it is very easy to get distracted from this path. Therefore it is highly recommendable to ask True Father, Jesus and Heung Jin Nim for help, as often as possible. They can help us to transform our heart:

Heung Jin Nim: "Just ask me to show you the way. Ask me to show you through the darkness of your own heart, through the barriers that you have there. I will help you." And I will help you." [4]

If we ask for such help and keep focused on our growth of heart all the time, then we create heaven in our heart:

True Father: "We must possess heaven in our hearts and convey the heart of heaven to others." [5]

Then we can certainly realize God's dream very soon:

True Mother: "We can realize God's dream, the wish of humanity, which is one family of humanity under God. We can realize the dream of the kingdom of heaven on earth. And today is the day that dream begins." [6]

And this dream will be realized by us growing in heart by practicing higher and higher levels of love:

True Mother: "Let us practice true love. Let us spread true love. Let us spread the blessing!" [7]

If we do this, while asking True Father, Jesus and Heung Jin Nim for help, we speed up God's providence enormously.
