

“Sharing about Korean Culture and True Mother’s Vision of studying in Sun Moon University”

Vienna, Austria, 29. January 2014

Five students of the Sun Moon University gave a presentation in Vienna Headquarters. They first gave an introduction into Korean culture, explaining about the origin of the Koreans, their traditions and their alphabet.

In the second part they explained about Sun Moon University.. We learned that there a 10 000 students studying at this university. About 500 of them are 2nd gen Unificationists. Sun Moon University is also proud to have the highest percentage of international students of Korea.

At the end of the presentation the Korean students gave an impressive musical performance.

Thank you for coming to Austria!

M. Lajda translated for her Korean colleague
