February 9, 2020

A lighting ceremony of Illuminated Garden of Hyojeong was held at Cheon Jeong Gung on the eve of True Parents' birthday on January 29, which lasted for four days (4th, 6th, 7th, and 9th) through the Special Night Pilgrimage Tours to Cheon Jeong Gung. As a shuttle bus operated in front of the lobby of HJ Magnolia International Medical Center from 5 p.m. to 9 p.m., thousands of trainees were able to join the Illuminated Garden of Hyojeong pilgrimage on a personal or family basis.

Despite the cold weather, many participants were inspired by its great harmony with a beautiful illumination and more than one million of LED lighted flowers. They were busy taking pictures at the photo zone and returned to their homes cherishing a precious meaning of True Parents message card.
