H Central and South America Continental Direct Sataki Koichi HJ Report

met with True Mother at the DC the day after the Continental Directors Meeting

such an amazing chance... I learned of True Father in prison, but when I saw True Mother marked with a detention #, I was overwhelmed and at a loss of words and tears uncontrollable, something unspeakably unjust taking place...

True Father's time, humanity knew nothing of those historical moments and this situation unfolds again and I felt so remorseful before True Parents... True Mother instead of encouraging and comforting us, caused my tears to flow endlessly.

True Mother said to us, 'You have all worked very hard until now' and we responded by thanking Her and bowing. True Mother said, 'Heavenly Parent has wanted to live together with True Parents and Family. We have offered that dream and now the era has come in which the Creator Heavenly Parent can substantially love His children, and live together with them in the visible world. So, humanity as one family must move together and let us do witnessing.'

She then told us to report one by one. Umberto, Vice Chairman of H Europe and Middle East, greeted Her and said, 'I am in Russia True Mother. I love You.' She replied, 'Did you come from Russia? Are the members in Russia doing well?' He replied, 'Yes, they are doing well. They love You very much. They miss You very much.' True Mother said, 'Are the 2nd and 3rd generation growing well?' He answered, 'Yes, they are doing well. They are growing well. Please stay healthy, Mother.'

After that Julius, Vice Continental Director of Asia Pacific greeted Her and said, 'All of us in Asia Pacific love True Mother very much. We will continue to become one with True Mother. I came to convey that all the members in Asia, sons and daughters love True Mother, are offering devotion and working diligently. Please do not worry True Mother.'

After that I greeted True Mother saying, 'True Mother last year You came to Jardim and bestowed many blessings. All Jardim children have not forgotten that. And while thinking of True Mother, thinking of You, all the Blessed families of H Central and South America are offering vigil devotion every day. At first it was difficult because Mother of Your situation, but we have transformed that sorrow into determination, and we are moving forward diligently as one. True Mother, please do not worry about H Central and South America. We have hope there.'

Next, Vice Continental Director of H Africa was overcome with tears and unable to speak for quite some time. 'Mother please do not worry about sons and daughters of Africa. They love True Mother and they are offering devotion. So, Mother please do not worry. I love You.' Tears continued so strongly that he could not continue speaking, and so he offered only a brief greeting.

After that Yeon ah nim continued the report on the current situation. And then True Mother said, 'Let us work harder. Victory is surely on Heaven's side.' Then She said, 'We can sing together. What songs do you have?' So we sang Omaha Nunaya and Country Roads. While we were singing, True Mother listened with joy, smiling brightly. When 'Country Roads' was sung, She closed Her Eyes and listened happily, which left a very deep impression that remained in my heart.

At the final moment, Umberto, representing all of our hearts, said, 'Mother, You are beautiful. You're so beautiful.' Then True Mother said, 'Yes, everyone. You're all healthy. So, return safely.' She spoke a few more words after that, but because the visitation time had ended, we were unable to hear them.

Until the very end, She received our greetings, waved Her Hand to us, maintained a peaceful smile, and left while continuing to wave with a truly beautiful appearance. We Vice Continental Directors will convey special grace to each continent and run on the front lines to win in witnessing and Blessing, and all the other aspects of the Providence even more than before. We repent of our shortcomings up to now,

and we will change.

When one sees such appearance of True Mother directly, one cannot help but be changed. Once again, I express my gratitude for having been given such an extremely precious opportunity and with this I conclude.

Welcoming Remarks

Bishop Charles Duv (?)

I hope you can see that pastors like myself have to be multi-talented. Not only do we preach, we have to sing. I hope you don't mind if I take a moment and take a selfie, because nobody's going to believe this (big applause)

TY...Listen, I have been in meetings all day today. And we have talked about religious freedom. We have talked about our commonalities and our differences. We have talked about politics and religion. We even talked about which pets are more spiritual, dogs or cats. Cats won. We even talked about people who believe in UFO's. So, I'm not here to talk about any of that, but I'd like to begin my time here before you with a question: 'How and why am I here?'

And the answer is simply because God is an amazing God at putting things together. You see, I was born in Louisville, Kentucky, over 11,000 kilometers from where we stand today. Would you agree that that's an amazing distance, but when people need to come together, there is nothing too hard for God. (big applause) You see, I served over 20 years in the US military and traveled to many countries including South Korea, have experienced many cultures, have witnessed and respected many religions.

One thing I've learned over those many years is that no matter our country, no matter our culture, or theological difference or political stance, we are not different (big applause)

Take away our external identity markers and you will find that we are all flesh and bone, and we bleed red, all of us. Therefore, you are my b and s and neighbors. Remember that. Remember that. So how am I here? After retiring from the military, I met a Japanese missionary. A friend. I told you she was a friend so you wouldn't think she was my wife. He, he he... In 2012, I met her in Havelock, North Carolina. Her name was Yukio Takata. She's from Nara, Japan. She married a Japanese man from Okayama, Japan named Yasanori san Takata.

They introduced me to their pastors... and wife, Caroline from Whales. They were a Blessed couple. The two of them introduced me to Rev. Alan Sanders. Some of you may know him. He's from Australia. He married a woman from Chicago, an amazing woman named June. And the Sanders and the Takatas introduced me to an African man from Togo. His name was Ashio Akalatse. Would you stand sir? He married a Japanese woman named Hatsumi from Hiroshima. Madam. They now live in Washington DC.

So, with all of that being said, you have to understand that there's nothing too hard for God. Japan is over 15,000 miles from Togo, an amazing distance, but the question remains, how am I here, a little boy from Kentucky. Together the Takatas, and Sanders and Akalote's told me about a young woman who was Born in North Korea, Hak Ja Han.

Now, I had heard stories about these 'Moonies' mostly from the internet. And you know that everything on the internet is 100% true, but I decided I would find out for myself. So my wife, Marion and I flew to WA DC to fellowship with the Acalates, and African and a Japanese in WA DC.

We're two Black people. That wasn't in my notes. (You can tell them. Interpreter says 'That's okay.') And what happened while we were there, we were impressed by what we saw, and we got Blessed. (big applause) We later went to Las Vegas, and yes again, we were impressed. Dr. Hak Ja Han has so many accomplishments. Namely, hundreds of thousands of couples around the world have been Blessed.

Because family is the center of humanity. Yeah (applause) Later we went on to visit Hak Ja Han's road. Right up the road. Simply because She was a strong advocate for peace. We say that for many years, She invited visionaries to Summits. World leaders invited Her to stand before them. She shared Her vision of peace with them and Blessed them.

We personally met Her in 2023. And She continued to work and to pray for the re-unification of Korea. She founded numerous organizations for the sake of peace, organizations like hospitals, schools, universities, churches, businesses, scholarships. So yes, we were impressed... Yeah.

We were impressed that our God could use whomever God chose, and God chose Hak Ja Han. Now, I myself am a devoted Christian. I love God. We have, Dr. Hak Ja Han and I, we have differences of opinion, differences in theological opinion; but we can agree that peace is the key to unity, and we can

agree that with God all things are possible.

Again, I said that She's held many titles. Some call Her Mother, True Mother, Dr. Hak Ja Han, Mother of Peace, Holy Mother Han, but today She sits for the 73rd day in a cold cell with a new title. And She's still talking about saving the earth. Her new title is 82-year-old prisoner.

So, again, how am I here? I'm here because God is an amazing God. God doesn't think like we think. God doesn't act like we act. Nothing catches God by surprise. God can cause people from different generations, culture and parts of the world, with different theological positions to come together in the same place at the same time with a common goal.

Why am I here? Because God Who knows all things, has all power in God's Hands, is everywhere at the same time, even in the cell with Dr. Hak Ja Han. (That wasn't in the notes). This God has a thing called Love. And my Bible tells me that I have a responsibility to love my neighbors as I love myself. Remember I said you are my brothers and you are my sisters and you are my neighbors. I am here because I love you. (big applause) I am here because I love Dr. Hak Ja Han.

And my Bible tells me that I should mourn with those who mourn, which means to compassionately stand with and for them, to pray with them, and to pray for them. You see, the world that we live in would have us to focus on our external identity markers. Uh hum. See, I'm American. She's Korean. You may not have noticed this, but I'm Black. She's Asian. I'm a male, She's female. I'm a Christian, She's Unificationist... or Muslim, or Baptist, or Catholic or Presbyterian, or Democrat or Republican. It doesn't matter.

You see, the world would give us all of these different reasons to cause us to compare, to judge and even to hate. I'm here because hate has no place in my heart. I believe that love, (applause) I believe that love is the antidote to hate. And one of the main ingredients to love is peace. And peace starts with me. (big applause)

And as I get ready to wrap up. There's a song we use in the church. The words are simple. You can use it if you like. The words go like this, 'My mother prayed for me, had me on her mind, took the time and prayed for me. I'm so glad she prayed

3X for me. Now I can imagine Hak Ja Han Moon coming out of a jail cell, maybe even before the end of this year, before Christmas. And Hak Ja Han being able to sing that song about you.

She might say, "The Bishop prayed for Me, had me on his mind... " You could change the beginning of that... Akalotse' prayed for me... KCLC prayed for me... (everybody claps to it) ACLC prayed for me... big applause

My prayer is that you will continue to pray for True Mother, pray for Holy Mother Han, pray for Hak Ja Han because you can rest assured She is praying for you. Kamsahamnida...

TM's Words: Even after the age of 80, I have worked for the dream of the Heavenly Parent's to substantiate it on earth (True Mother with a cane)... Because fulfilling Heavenly Parent's Dream on earth was the lifelong wish of My Life... If the opportunity arises, I earnestly ask you to come to Gapyeong and help. Everyone please come to Gapyeong and see what I have done.'

Anyone coming before a judge might think about how they might avoid blame for themselves, or how they might reduce their sentence. But I believe that True Mother did not think even for a moment about Her own safety or comfort, and instead delivered Heaven's Words to the judge and to all humanity. 'Come to GY and see for yourself.' She worked Her entire life to fulfill Heavenly Parent's Dream on earth.'

And those Words became not shouted into the air, not an abstract Word or concept, but became substance. Therefore, I believe those Words are clearly the Truth. Are the Words spoken by Jesus the truth? Jesus said, 'Love your enemies.' Is that truth or is it not? Toward the Roman soldier who pierced His Side with a spear, he heard, we heard Jesus confess, 'God, please forgive them, that person, they do not know what they are doing.' The reason Jesus' Words are truth is because He spoke them and those Words became His own Life. Because His Words and His Life became one, we believe that is what Truth is, when words and life become one.

True Mother has lived in that way, and when She shows what Her Life has been, those words can become a clear truth of Heaven. Jesus said, 'Look at how I have lived. Look at what I have done. Jesus said unto them, 'Go and tell John what you have seen and heard. The blind receive sight, the lame walk, those with leprosy are cleansed, the deaf hear, the dead are raised and good news is proclaimed to the poor. True Mother is delivering this very same message to us at this very moment. Even in the court room, She speaks to the people of the world like this, 'I have spent my entire life working to attend Heavenly Parent substantially on this earth, and the evidence is in Gapyeong. Come to GY and see for yourself. Go and see Cheonwon Gung and look at the lives of people who live centered on Cheonwon Gung. My Words are true and My Words are Truth.'

I hope that all the members of our church are those that will protect and uphold that Heart. We sincerely pray that we may become children who protect that Heart so that it does not fall to the ground. In the end, I believe we have the responsibility to prove Mother's Words through our own lives.

The people who live on this earth hope above all else to be moral. They hope to be most sincere. They hope there will be no falsehood. They hope to be the happiest. They hope to be the most joyful people. They hope that this land can be the place where people can live happily without money. Hallelujah!

However, such a Heaven realm is not accomplished all at once. If the Age changes, and if the Heavenly Fortune is with us, the Heaven realm on earth, does not simply appear before our eyes as if it fell from the sky, first we must become people of character who can establish the Heavenly family of peace.

From the perspective of those from the outside, we must live our lives in such a way that they feel they want to live in this land. I firmly believe that we bear that responsibility. Pilot asked, 'Are You the King

of the Jews?' That question was the one that determined life or death, framing Jesus' crucifixion. Rather than answering the political question in a political way, Jesus answered like this, 'I am not a king of politics. I am not a king established by force. I was Born to testify about Truth, and I came to this earth to testify to that Truth.'

True Mother 'I have not interest in politics of this nation. Throughout My entire Life, I educated people, while praying for all humanity, for the peace of all humanity, and for one family, that all people of Heavenly Parent would receive Heavenly Parent's Love and as True Family, all go to Heaven. Because of this people throughout the world, politicians and religious leaders and academics alike, know Me as the Mother of Peace, Holy Mother Han.'

At this very moment, we stand at the most critical crossroads. Every day, things that are difficult to endure, things that we would scarcely have imagined are coming upon us. From beginning to end without change, Mother continues to advance the Providence, centered on the Word, with the same Heart, whether the place is here or in prison. At this time, the most important thing is to become one.

Mother has also proclaimed from within prison that the members have to become one. This Word is what's clearly being asked of our faith at this very moment. Beloved members, please pray for Mother. Please offer devotion for Mother's safety and well being.

At GY and DC, devotions continue for True Mother and cries from the 2nd and 3rd gen that they will follow the life of True Parents, and this is gradually moving the hearts of passers by. If we continue, the day will surely come for people to know the noble life and course of True Parents.

video

Due to biased media content, people look at us with cold and critical lives, and in the military and other places, we are suffered disadvantages without even realizing... Does religious freedom really exist. Are there people suffering because of religion. Many have left the church and here is testimony of a mother of a child who left.

Many tears, AGS world told her to come to CP... truly painful and difficult days thinking the responsibility for Mother's situation is with us.

Mother, You have set such conditions in order for us to be able...

President Lee Gi-seong's Message

Today 1,455th vigil... Main Hall filled...

True Father 4PF and Inheritors, centering on them, all the leaders from around the world gathered...

61,000 gathered

Through Zoom and through You Tube... and various languages, they are streaming this live... and I am moved to know how we are becoming one through this...

500th and 600th and 430th and 400th vigil in the churches... piling the towers of devotion, and there will be a moment when Heaven will work.

Today 1,710th HJ special weekend workshop... and we can separate dark spirits and that is ongoing here... so that H's authority can be revealed...

87th day of devotion at the DC and message came:

(names of people there) from various locations came to attend 1,455th DC devotion even the very cold weather and daily difficulties, praying to protect True Mother, and no matter what we will make our faith stronger until the truth is revealed and offer devotion and cling on to Cheon Shim Won and stick together as one, and to form this community we will gather our devotion centering on Inheritors and 4PF True Father and we will do everything.

Pastor Yo Jin Won message: My heart toward True Mother is shimmering like a lantern... and True Mother truly gives warm light to our heart... When I think of the pain Mother is enduring, the small things I am doing feel shameful. It's not about tears, it is an invisible hand that allows me to move forward with Heaven. 'applause

As we offer our devotion or trainees have graduated and 383 40-day are here at this moment, and including 20 GPP, and the academy number has increased to 70 and see them going to other nations to work... and even now in Africa are actively working... And there is a victorious foundation being made... and the Construction Company, that Mother could not sleep thinking of them... and every Friday the President would bring members to offer devotion and today he has made amazing victory... December 15, the judge has sent him a letter that they are no longer provisioned by the government, and the reason for this long letter PL is because the two-year long period of court case we have been fighting, we have received a victory of this... We were able to endure and we were able to pay the debt we had and stand by ourselves through all this devotion, we could win the case earlier, which is said to be very difficult by many lawyers and judged, and this is because of HMH's great grace we believe and you PL have offered and other have offered devotion for us.

Also, our Unification Foundation Board Members made devotion... Not all the problems were resolved yet, but from now we will not be provisioned with the court, and even hardships, our credit has been raised and we can receive approval from the government much more easily, and as True Parents establish this company, we will become anew and one with the employees, I will make this company back to normal and do everything with all my body on earth... and gratitude PL, please stay healthy and may True Mother's Love always be with you... Kim On Shik, centering on him as the leader, all the employees have

become one...

Although it is the most difficult time, we must make victory... and if you move forward, H's Will will be accomplished for that. True Mother is offering prayer and telling us that because I am here, aren't things getting better? offering more prayer...

The Vice Continental Director shared his visiting True Mother... Truly Mother always talks about Heavenly Parent's Dream. Truly to fulfill True Mother's dream our Continental Vice Direction, I'm sure will make absolute victory. And with the discouragement of the media, True Mother is telling us that this will be overcome. And through the history, because of the conviction that the human race will be restored, we have gone through all this time, and I'm certain we will meet the day of victory and greater joy and happiness than the amount of persecution will be made.

There are those who gave up... Even with the Korean Independence Movement, there were people who kept going and those that gave up... In our era, we should not stop, not let this world as it is. It must be restored to Heaven's Embrace, and we cannot stop. And True Mother is not stopping, and told us to pray you, your family and Unification Church and the Will of Heavenly Parent's to be fulfilled... so worrying about the fact that our leaders or members will fall apart... and She says, 'Heaven Parent is with Me and us, and She is enduring and how can we offer report of this and that people falling apart... So, if there are dormant members, through Cheon Shim Won vigil we hear hos Cheon Shim Won can bring them back...'

There's nothing we cannot do. Heaven is trying to teach us that Heavenly Parent must be with us, and only then can we overcome... Kim Gi Hoon Director gave the very important message of igniting the fire of the Holy Spirit and as they tour the holy grounds, their faces are truly bright... even if shallow before, and these members will voluntarily go to the mission field abroad, and all of this is because True Mother proclaimed the Words that all this was possible and this is being fulfilled...

At the Pure Water Workshop, a message... At the time when all are discouraged, even one person should remain and cry and still look up to Heaven and when we don't know if those tears are ours or Heavenly Parent's... If you cry, cry for True Parents and facing True Parents... Even difficult, our path is very proud to shine brightly in the SW if you offered sacrifice for True Parents, and your tears are more and more precious than diamonds, when you are pure and bright with tears, and your prayer can move the entire cosmos. You possess such power, so let us all move forward together...

It's only a matter of time that we face this hill, because Heaven and True Parents and Inheritors and 4PF True Father is with us and there's nothing to fear for the BFs and we will be eternally victorious, victory, victory... We will be victorious...

These words of 2nd gen about to fall asleep, and True Father came and gave this message... 'Heavenly Parent is Living and is Omnipresent and Heavenly Parent is wearing our Father's Form and come to us, and just as F gave us His Words on earth, when we have those Words, there's nothing we should be jealous of... and also True Mother is the Embodiment of Heavenly Mother, Substantial Holy Spirit, our H Mother and F and M will come down with our prayer at Cheon Shim Won, and that will only happen

when we can release the Heaven, They will now come down as God of Day and work through us.

During this amazing time, anyone centered on Heavenly Parent and True Parents, has authority and entire spirit world will support, and we have witnessed to see the miraculous things and soon, eventually the civilization of North Korea will blow to come together for the strong fire of the Holy Spirit coming out, and many are prophesying for that... And on this night as we look at the Korean Peninsula, where is any other place that gathers 60,000... Now is the time of Golden Age, and if you die without even a single grace of this time, how pitiful is that.

Even you go to SW, you must offer prayer and devotion, and with that heart you will receive Heaven's Love and all of us can live with the blessing prepared for all of you. So, you must receive rainfall-like grace from the Holy Spirit and I hope that you make such a time tonight
