I hope you're doing well

1493th Tianxin Garden is honest all night

Summary

This morning, I stood in his place as the father of Chief Moto Tsugimoto was consecrated at the age of 92. The achievements of Takanaga's father are great, and he has six siblings and all received blessings, 21 grandchildren, 15 great-grandchildren, counting all of them is over 50, and has a foundation of about one church. It was said that the Keicho was consecrated on the first day of spring, the first day of the 24 solar terms. It is said that the mindset of the first day of spring affects a person's fortune throughout the year, and people who have positive thoughts on this day will have better fortunes throughout the year. Always have a bright smile and a grateful heart.

Recently, I dreamed that my father came to Upper Church asking me about it. First, the true Father came and said, "Let's go and pray for Tenshinshi prayer," and fell on his knees and prayed. He hugged me tightly after prayer and encouraged me to say "you're struggling a lot" and I cried tears of emotion. After a

while, your mother came and asked her to bring an apron, and said, "I must cook delicious food for Umen Church." "You have to feed your food well," he said in the kitchen with a knife and cooked lots of food like a pro. Just a grateful heart to see how you comfort us like this.

My glasses broke last night during praise time I put my hands on. When I thought about what this meant, I got a strong sense that "Don't just think about what you can see with your eyes, develop spiritual eyes that you cannot see." The chief said, "A believer must have spiritual experience. Especially true for public people. Big or small, your spiritual experience is crucial." always emphasized.

Now our church is in a critical very pressing situation. What should we do in these tough times, it's just Tenshinshi Seishin. A true mother gave me the greatest gift. Tenshingo is the key to omnipotence. Tenshinkai Seishin is not something that is directed by someone else. It's truly precious. For three days from April 19, 2022, all world leaders gathered and worked all night long with strict orders to make sure everyone is special. I didn't really understand my true mother's intentions at the time, and now that I think about it, I was a really foolish infidel. One year later on 28/05/2023, my true mother called me from Japan and said, "I offer Tenshinki Seishin for 3 days and then go back to Japan" and I woke up wide. Not knowing how much reflection and repentance I've cried so many tears I never had before. From that time until now, he has devoted himself to Tenshingi. There is so much repentance and reflection today and everyday, I feel very sorry for the true mother. On the other hand, I am very grateful for the Tenshinni.

For whom are prayers and devotion offered in Tenshin-zai? We say that we are true for the sake of the fathers and the world, but when you think about it, we are not doing our prayers and diligence, but for the purpose of our own personal completion. It is said that "A bandit in the mountains is easy to defeat, but a bandit in your own heart is hard to defeat." Faith is more about fighting the enemy in your heart than

fighting the enemy outside. So Heaven gave us true Parents as the greatest gift in human history.

Knowing well that the true father and mother we hold to is the one whom heaven and earth cannot replace. What do you fear when you are in the presence of such a noble One? The word that comes up the most in the Bible is, "Fear not. Do not fear to trust in the heavens. Do not be afraid to testify of Jesus. "We now testify to our true fathers, and do not fear to boast. According to Tenseikyo, the word true father and mother is the most precious and blessed word in the world, which is the fear of God and Satan. Mother, who knew the contents well, promised that she would surely settle the kingdom of heaven on this earth at the time of your father's sacrament and the time of his life. Your mother exemplarily practiced day and night by making life-to-death decisions, giving her all, and practicing practices. He has instructed us, emphasizing that if we oppose the Messiah we can receive forgiveness, but if we oppose The Holy Spirit there is no forgiveness. We should also live like our true mothers.

How can we raise our faces to our fathers and mothers if we don't live with our lives in this golden age. While it is emphasized that earthly life determines the eternal world, the heavenly world, your mother is emphasized to live free of blemishes and dirt. Every man is born bound to die, but where he goes after dying is determined by how he lived his earthly life. At the entrance of a Catholic cemetery it reads, ""Today is my turn, tomorrow is your turn". That means make sure you prepare yourself because everyone is going to die.

Only those who live for good, only those who practice true love can go to heaven. All sin starts from disbelieving in Heavenly Father. WHAT, the sin begins by ignoring and distrusting the True Mother, Holy Mother, Holy Mother.

If we say it's hard and run away, is it hell or heaven to arrive. No matter how tough things we face, we must conquer and triumph. How many thoughts does a true mother have in jail right now. Let us use the true mother's wish, her feelings and affairs as our feelings and circumstances, in this difficult and difficult golden age, let us make this night a time to pray before heaven with a heart that says, "He who dies, lives, and he who lives, dies."
