Most Honorable Heavenly Parent

Beloved True Parents of HEH

TY TYVM... We thank you for the Gates of Heaven wide open this hour and Personally presiding over this Cheon Shim Won Special Vigil Devotion. Let us be those who offer devotion with gentle and humble hearts and please bring about the work of re-creation with Your Hand of Grace.

May we ask the works of the Holy Spirit to protect us and give us rebirth so that we may live a life of resurrection and eternal life. By overcoming the power of death, let us become one and reveal the power of victory. Guide us to become true children who can welcome the Promised New Day of Blessing.

Remaining before us is the path of destiny where we must go the Way of the Heavenly Will centering on eternal true love, so please work so that we may become mature and true children who can comfort the circumstances and heart of Heavenly Parent and return the glory to Heavenly Parent. Please work through us.

Heavenly Parent, please engraft the Heart of eternal true love into our hearts and bring about the work of resurrection so that we be reborn with new life. Lead us with the good power of Heavenly Parent and the authority of true love. Lead us so that we may attend the Heavenly Parent singing the New Song of the Victor.

Please guide us. You have nurtured the Korean people as the chosen people among all peoples, and Blessed this nation as the Providential Homeland, so please look upon this nation with mercy and protect it. Let the politicians responsible for this country and all its citizens realize their mission as the chosen people so that the nation may find its status as the Providential homeland and fulfill its responsibility.

Please work through us and let the Mother nation of H Japan become one with True Mother, so that the work of the Holy Spirit and Truth may arise like a wildfire, and also work so that it may gather the conscientious and righteous whom You have prepared, and be reborn as the precious Providential nation responsible for the Providence.

We will march forward testifying to all humanity that You are the True Parents Who have walked Their entire Life shedding BS and Ts through a long ceaseless advance solely to achieve the salvation of all humanity and Heavenly Parent's Will.

So, please grant us Heaven's amazing ability, power and wisdom. At this hour, please respond to the earnest prayers of all of Your children who are crying out with all their hearts from around the world. Please work so that we may offer the results of victory before Heaven.

Please work through us also so that all the good people You prepared and righteous people bring devotion to achieve that Heaven realm of peace and that Will on earth for which Heavenly Parent has so long desired, and let them be gathered centering on this Cheon Il Guk.

So, please Heavenly Parent work through us. Earnestly wishing for True Mother's long life and health,

I pray in my name Kim Jong Jin, a BCF with gratitude attending Holy Mother Han.

### Highlight video of winter Great Works held last week...

A world born in love, growing in love and becoming one in love. In the Beginning Heavenly Parent embraced a single Dream for humanity. However, that Dream became a history of waiting a long period more than 6,000 years. Even amidst numerous agonies and frustrations, Heavenly Parent did not give up on His children...

Amidst the cries of children longing for their Parents, we laid bare the sincere hearts that were buried deep within.

President Lee Gi-seong: What would True Father do? What would HyoJN, what would HeungJN, what would Daemonim do? We must pray with desperate heart and prayers so that our ship can reach its rightful destination, that's what I believe.

This is truly the Great Works of Blessing that Heaven bestowed. So, through this GWs, I hope all of you receive H fortune and H tide upon us, so that we can release True Mother as soon as possible.

If you know Heavenly Parent's substantial works, you cannot sleep, but you must make a life as your prayer, as your devotion. It's only a matter of time that you have to understand Heavenly Parent, without that you cannot receive Heavenly Parent's Love and Grace. Heavenly Parent will be with the people who offer much devotion and prayer.

The eternal, original homeland that all humanity longs for, Hyo Jeong Cheonwon, eternal time of being reborn with the pure, white heart, we come to look at one another once again with the Heart of Heavenly Parent through CheonBo Great Works. The Light of Hyo Jeong bestowed by True Parents is shining upon the five oceans and six continents at this very moment.

With the desperate heart that True Mother return soon so that Heavenly Parent can make the absolute victory centered on True Mother, I attended this Great Works. Heavenly Parent and True Parents, I love You.

With the Birth of True Father in 1920 and True Mother in 1943, the Light of hope to realize the ideal of creation began to spread. The 70-year path of Faith where there were trial that never stopped, due to the ignorance and fall of humanity, it was a path of glory walked with a pledge of BS and Ts.

True Mother said, 'Because churches are dying, you must revive each church through Cheon Shim Won. On the foundation of the devotion we have piled up until now, please my brothers and sisters, pile up the power of love from now on. Let us gather our practice of love one by one so that we can bring the spring scent of Cheon Il Guk, sent up stream that I truly hope can reach of True Mother through our love.

I truly hope that once True Mother returns to Cheonjeong Gung, She can finally smile and say that our churches have revived. So, I hope that all of you become the main character that True Mother speaks of.

PL: True Mother told us that all the BFs must register and attend GWs 4 times a year, and all of you are here to fulfill those Words. Although True Parents faced so many trials and difficulties, They have showed us the way to make victory, by no matter how hard, call out Oeg Monsei and go forward to make victory.

The HJ offering papers for the sake of the victory of Heaven is a place of determination to offer one's public will and personal hopes before Heaven.

PL reads: I would like to offer my gratitude for the Hyo Jeong Blessing of allowing us to offer the HJ Ceremony. Through the Victory of the opening of the Cheonwon Gung Cheonil Sanctum You have opened the Doors of Heaven of Cheon Il Guk. However, because we could not shed the resentment spirits in our body, we had to let True Mother walk the path of trial and tribulation despite Who She is.

Please forgive our unfilial piety and disloyalty. (Ancestor liberation and Blessing Ceremony)

Leading up to the Entrance Ceremony, under Heavenly Parent and True Parents, we have achieved oneness in mind, heart and body. We are living in the era of the Heaven on earth and in Heaven Cheon Il Guk attending Heavenly Parent. (Offering the gifts, reading the letters, the cadets come)

We will fulfill the Word through devotion and practice so that Heavenly Parent can work freely... We have gone over 144,000 and we can go over 210,000 and keep going to reach throughout the world and make the great victory of 2027. We can make it happen and move forward with hope until all the truth is revealed.

(Dr. Ki Hoon Kim leading Oeg Monsei)

### Welcoming address of Dr. Kim Ki Hoon, Chairman of WCLC...

Holy Mother Han, I would like to begin words with the hope for Mother to return and be healed of health, and offer my gratitude to all of you.

(He half bows). This time I came back to Korea for the Special Prayer Gathering of World Religious Leaders hosted by WCLC and KCLC, and was able to come with Korean KCLC members, around 60 to offer prayer and devotion and study Epic history, and also President Seongyeong cheon and other leaders welcomed them, and today we went to ImJinDok for our devotion and we return....

From Japan 3 pastors and about 25 have come from America and Korea... Also, we were able to meet True Mother and True Father. As True Mother always told us, centering on Christianity, our HMH always had to stand on the foundation of Christianity, as True Mother emphasized, and all of us have gathered in Korea, the Homeland of God and we were able to offer prayer and devotion together for the past 3 days.

We made a resolution to start anew in 2026 and centering on True Mother, we are educating Epic and all of us have resolved to move forward centering on True Mother's Words. big applause... and they stand big, long applause...

Also, soon after, there are four pastors who will share their words and messages, and since yesterday they met Yeon ah nim and True Mother and have shared their tearful testimony to me and I'm certain you will be filled with grace from their stories as well.

Welcoming Address from WCLC steering Committee, Archbishop George W. Stallings... big

## applause

This is the Day that God our Heavenly Parent has made. Let us rejoice, Let us rejoice, Let us rejoice in it! Even though our joy is compromised in this moment as we think of our beloved True Mother, the Mother of Peace, Holy Mother Han and God's OBD we are confident that victory shall one day be Hers and ours. And he puts fists up.

When some of us visited True Mother at the Seoul DC, we did not see a broken Woman or a devastated Mother, we saw God Present in Substantial Form when we saw Her. We, I said to HMH True Mother on behalf of all of us that we deeply love Her and that She has left an indelible mark on the hearts of each and every one of us and absolutely no one and nothing can destroy that true love we have for True Mother and that She has for all of us. applause.

We committed ourselves to be true sons and daughter of HMH and renewed our filial piety to serve True Mother until we take our last breath... big applause...

I told True Mother that She is walking the Course of Jesus. God had already prepared the OBS 2,000 years ago and was waiting for the OBD but it took 2,000 years and now in this moment the OBS has come and the OBD and it is time for the Marriage Feast of the Lamb so that Heaven and earth can become one reality again.

It was nothing that True Mother did for these things to happen, but it happened for God to fulfill the Promise that Heaven and earth could become one.

big applause... And since it was God's Will, before the beginnings of time to bring the True Parents to the earth, to bring us as brothers and sisters one universal family under God, you and I are about to witness what God is going to do through True Mother HMH, the True Mother of Peace, the OBD of God and they will bow down in reverence to the True Parents of Heaven and Earth... Kamsahamnida...

Kamsahamnida... I want everyone to stand and say to HMH... Oeg Monsei, Oeg Monsei, Oeg Monsei...

## Rev. Rouse of WCLC... big applause

Let us thank Heavenly Parent. Let us thank Jesus Christ the OBS, let us thank True Parents, more specifically let us thank the OBD HMH, Who is praying for us right now.

And I want to thank all of you who are listening wherever you are and Dr. Ki Hoon Kim and all with WCLC and KCLC, all who know and all who will come to know, because we are not going to stop until all the world knows Who She is.

Big applause

Truthful and tonight, I want to thank the True Father, true children and grandchildren that made it possible that on this day I could sit before HMH and look into Her Eyes and in that quiet unguarded moment, I saw not confinement or fear, I saw the Light of God in Her Eyes, a Light from Jesus Christ through Her of the OBS that offers light to all who seek it, and HMH sought that Light, and there is no doubt that Archbishop Stallings is right and that I am right and that all of us who know it are right, that She is the OBD.

And I speak this not out of sentiment but of conviction and commitment when I was honored when the Chosen one chose me to be among the ones of the WCLC and I say to you tonight that we shall not fail, and that all that HMH has asked us to do, we shall not fail. What I saw in Her Eyes was the hope that all of us know the pathway of Heaven and answer the call that we become a compass and hope for all the world, and we promised and I want to do it with you... the Epic learning that history of the chosen Han people and in learning that history, I want you to tell them that this is not a journey of tears and endurance alone but faithful hearts that moved from sacrifice to obedience and hearts that understand that what they have learned through history is not the cost, but the price I have to pay to live this way. And when I looked into the eyes of HMH I have the answer, the cost of freedom and grace and perseverance is real because She has paid it and is suffering for the cost not just for me but She has paid it for the world.

And secondly, the chosen is not by privilege, it is a responsibility to get this world where it ought to be... Where it is many of us can complain and accuse and get angry and made, but when I look into Her Eyes, She was not going by Her title (Counterpart after Jesus) and not just the fruits of Her reconciliation or the fruits of just Her obedience but the fruits by which she wants us to live by each day.

Big applause

Now I want to give you this third one, not from Dr. Louonne Rousse but from HMH commissioned to be taught in the Epic of the chosen Holy Han people, for you to learn, for me to continue to learn with all around the world to continue to learn. I heard Her grandson say to Her, 'Mother, I'm going to learn it all, and I'm going to share it all with the world.'

Third, if 'Become one family of chosen people who serve Heaven on earth'

We come with a theo-political word, because True Mother didn't try to interfere with anybody's politics, but She came to represent God in any political situation everywhere because God is everywhere. And we want S and N Korea to know that She has not tried to challenge their government, but She is just standing to tell the world as I with you must stand and tell the world tonight, we are standing on the business of God with HMH.

So, as I close tonight I want to say, 'Let every church, let ever temple, let every home become a sanctuary of service, let every leader become a shepherd, let every nation choose the pathway of peace. This is the world we can build when we serve Heavenly Parent with HMH. When I met HMH today, I did not see a prisoner, I saw a witness. When I looked into the Eyes of HMH today, I saw God's Dream for humanity and it spoke bravery into my heart. And I ask us to lift up our hearts, cleanse our motives, and walk the path of sacrificial love... So, like Archbishop Stallings I ask you to stand and as you stand, I want you to confirm the testimony of Jesus as I confirm it... This is the testimony,

'HMH is Heaven's OBD of our time, and by the grace and mercy and humility, She has brought upon us, we are standing with God's Daughter.

Let us stand. Let us stand. Let us stand. (All stand) And I want to ask you to do what I asked the pastors of the Los Angeles Church who kept writing me every day and asking, 'How is She?' and I responded to them today, 'You can raise your hand, for we've scored a victory. But in so doing remember that it is not over. The battle is not over. We won a victory today, but it's not over until we've won the eternal victory forever and She is free.'

So I ask you repeat,

'May God Bless HMH. May God Bless Korea. May God Bless every nation and our mind and hearts and should, because She is winning, we win. We have the victory of assurance. Let us praise and thank Heaven always.'

big applause...

Please take your seats... truly American style... We get up a lot...

**Next is Yohannes Indanga from Zimbabwe also a pastor of the Steering Committee... big applause**

I stand before you tonight and I recon tonight is indeed a great night. Tonight I want to convey a special greetings from the Continent of Africa to the True Father and grandchildren of HMH, and extend greetings to all of you very special people who are gathered here tonight.

We attended the very special conference about two days or so ago that enlightened us in a very significant way about the history of the Han people. In the conference I could visualize the transfer of God's choice of Israel to choosing Korea as the holy land prompted by the teaching of the FFWPU in 1954 by True Father.

True Father in 1954 prophesied that all nations will be coming to Korea to see the various tourism projects... So, in the past all nations were going to Israel to witness the massive projects started by Jesus Christ, but the Jews did not recognize Him as the OBS of God and instead they killed Him, but they were supposed to instead give him a Nobel Peace Prize, an Oscar, the same as what Mother Moon has given to the nation of Korea through Her Blood and Sweat and Intelligence to the point that Korea should have given a NPP and also the UN actually Her and all of us should give Her the Prize for what She has done, working harder than the UN and the Presidents who served in this country.

Lastly, we met True Mother at the DC yesterday and when we went there I saw a type of Jesus Christ, I saw a type of Christ, saying what Jesus said on the path of the cross, I call them, 'Joy robbers'... They don't want to see people yelping and crying and devastated by that. Now, Jesus Christ when He was crucified He said,

'Forgive them, for they don't know what they do'

And when we went to see HMH yesterday, She was in the same Spirit to say, 'Because they don't know

what they do'. I have never seen like this. I've seen criminals arrested who were not innocent people, arrested and making allegations like they've done a good thing. Like in the case of Jesus Christ, they say, 'Kill Him because He healed a sick person on the Sabbath Day. They say He claims to have healed a sick person on the Sabbath Day, but they say He healed, which was a good thing that He healed.

And in this case, based on the allegation that Mother is accused of giving... To me, it doesn't make sense. It actually shows me it is just a work of 'Joy robbers' and today, tonight, I wanted to say, I wanted to commit myself to really go back to Africa and tell every sector of the African people the Epic of the Han people and importance of the Korean nations as the chosen land of God.

With this, thank you...

Big, big applause

### Welcoming Address

Tanya Edwards

WCLC

Big applause

Well this has been a wonderful, wonderful time up to now and you need to pray for me, okay? because I want to invoke among you the Power of God.

I want to thank you for allowing me to be here, and on this prayer vigil I had seen it on the internet and wished I was here and now I'm here, so God is good. I want to thank the ACLC who asked us to be here and for the WCLC, and for all of you, I thank you.

We are especially thankful to see True Mother. I didn't know what to expect and I was so nervous but thought, 'Why am I nervous? This is where we are going to share true love with one another.' And I thank Julia Moon and Yeon ah Moon for being with us this past week as we learned of the different education, but also Yeon ah was with us and True Mother's grandsons were with us in the DC, and it's almost like we bonded together before we even saw True Mother, and when we saw True Mother the bond was even tighter.

So, I'm thankful for that. I was amazed by the lecturers from Rev. Lee and Professor Kim. We learned some very interesting things I want to highlight on a little bit. We, as a united body of clergy from around the world gathered this week to pray for True Mother and to attend lectures that were not merely academic sessions but were moments of reflection and actual awakening.

The Epic history was so interesting and when I saw True Mother, I said, 'Mother, I learned this week about the Epic family and more people need to hear about this, because if we could get the truth about God and Jesus and the Epic family, the Holy Spirit around the world, how much better would this world be? How much better would we be? Because we know where the Holy Spirit comes from. And we know that God allows us to feel the HS and to have it within ourselves.

And I'm so glad because at 9 years old, I received the Holy Spirit and until today, I can trust and have faith that God has walked with me, talked with me, healed me and delivered me so many times and so many ways. I couldn't even stand here and tell you every little thing, but you know, as much as I've experienced it, you can experience it. And I'm sure many of you have already.

But we examined the Epic history of the chosen Han people, the Han family and the Han people of Korea and people shaped by Providence

The Han people are shaped by Providence and perseverance, a people formed through hardship, through resilience, through deep heart, a people who have sought to understand the will of God and to carry it out.

Throughout history, God has worked through prepared people to Bless the world. The culture itself that we live in today is actually changing as we were taught this week by Mr. Lee. There's a culture changing around the world. And it's being noticed today in the media and in other outlets of public influence. It is a culture formed around emotion.

And see, the enemy will keep us deterred in our minds and hearts to actually know where to go and what to do to actually get help and strength for ourselves, but he will work through other ways and means. Therefore, we have a culture today that teaches that you don't want to deal with your emotions. So, you forget your past and your pain and hardships and say we will work it all out through a community.

The most important and relevant need we have at this hour is that we as the children of God who truly love True Mother, we enter into an intercessory prayer. If we can enter into an intercessory prayer for True Mother, I believe that God can do a work. I believe that God can make miracles happen for True Mother. We don't want just casual or routine prayer, but prayer that stands in the gap for True Mother. Prayer that is offered with humility and offered with faith.

Heaven hears when you pray, and Heaven responds. When you pray for True Mother, we must enter into intercessory prayer.

Big applause

My prayer is this, that there would be such a sweet, Divine Touch of the Holy God among us, a real Presence, not something that is fake or pretend but undeniably something that you and I need from God, that it reaches deep into our hearts, our souls and our minds, because when the Holy Spirit really moves the HS does not remain in one place.

And as the way that we love True Mother, and She was strong and She was like, 'Let's get going into business. Let's get this business going. Enough with the enemy trying to keep Me down, we've got to go on and serve God and do what God wants us to do. We need the Spirit of God in our families, our schools, our homes, our churches and we need it everywhere, even where we work. And I just want to leave with you that we are the children of God and we want to do exactly what God wants us to do. I thank you and God Bless you.

Members around the world, hello. Today with leaders from WCLC and KCLC, we're very grateful to offer this...

At the last GWS Cheonwon Church first place. At the pinnacle of the Providence a model is necessary under the watchful eye of the SW so that H fortune can reach even the smallest churches from leaders to teenagers and PL says:

The SW is selecting who among all are at the forefront, the most earnest. I have said that the competition must be ignited and you must become models to stir up the winds of H fortune with us. True Father who longingly awaits us, want to see us speaking the very Words He spoke and gain the H fortune.

testimony... worry about pastor leaving the field to attend Workshop but heard the voice, 'TY for coming' while Mrs. Choi I Kim was behind...

beyond simply being good, providing deep hope to 2nd gen and 1st gen parents... They remembered persecutions of True Parents, they shouted proudly to become the light of the world... Hello, we are the greatest pure water and proudly unfold our passions on stage like the greatest showmen and we refuse to be shaken by society's case...

Hello, we are Cheonil Special District. It takes a lot of courage for us to reveal our identity, even with many who are also 2nd gen, to those friends who cannot lift their heads in more difficult environments, we want to say, 'You are not alone' and we have prepared a performance that we hope can be a source of strength for them and even for True Mother'

I thought a lot about the 1st gen and the trials they faced when joining and afterward and I wanted to convey that to our students and the dream our parents had... In the beginning we did a shadow play of the parents, most here in Cheonon District, I felt many disliked being 2nd gen and want to hide it and felt that they are not proud. I thought if even we living here feel this way, how hard for others where there are few 2nd gens at school...

We want to give them strength. 'Where have you been. I just went out for a moment. When are you going to stop. Isn't it a cult. You've been brainwashed. I didn't raise you that way.' My own parents don't understand my heart and don't know anything. I will received the Blessing of True Parents, so I will surely establish a happy family. 'You've finally gone mad. How can you come here. You are no longer my child.' Since I am Japanese, I'm also scared of how Koreans will look at me. 'I'm glad we don't have to hide our lives. It will be okay.'

song... I'm glad for world I can call my own. It feels like home... baby crying between them... This is a 2nd gen born through Heavenly Parent's Blessing... TY True Parents... They are precious children of Heavenly Parent and no matter what persecution, we will raise these children for all the world to see. We have a dream, don't we... (song, great anointed song)

Hanulbumo nim please always watch over this child to be a H child of True Parents.... 'HMH Han Hak Ja was detained... 'Hey, get out of there quick. You are in real danger.' Hyo Jeong realized that the world doesn't accept her and she gradually became distant from the church. 'I don't want to go to church.' 'Is something wrong?' 'No, I just don't want to go.' 'What's going on with her? There's a special Workshop. Shall we send you there? No. 'Why not. There will be many friends you can meet there.' 'No, It's your choice not mind. Do you know what the others say to me? They call me a cult.' 'It is difficult for me to fully grasp how much persecution and hardship there was, how much did our parents embrace to give

birth to us. They might have raised us wanting us not to suffer hardships as they did and worked harder for that sake, wanting to pay more indemnity for the sake of the children, this big dream with the Dream of Heaven.

Mom and dad, what is it that they want from me? I'm sorry for shouting earlier, when I was so confused. I'll go to the Workshop but this is first and last, okay? because I feel sorry for you. Going out to enjoy the time of harmonization, any idea? Why don't we try telling our stories, and I thought I was the only one thinking all that the society and friends say. At the least, I don't want to live being ashamed even I am not affirmed...

For the first time we have a team forming a dance unfolding their dreams and passions... Let's welcome Cheonon Manga with big applause...

In the section where we dance, we try to show, 'This is who we are. This is us, no matter how much you persecute us.' I studied dancing and thought I must move people with hope and happiness, not just doing my best. Without even realizing it, I didn't rest but burned with passion and dance as I thought of Heavenly Parent and how I could convey Heavenly Parent's Heart more...

I'm not a stranger to the dark... Run away, they say, no one will love you as you are... but I won't let them for we are glorious...

When the sharpest want to cut you down... When the flood wants to drown... I'm not scared to be seen... This is me...

As you live your lives, I hope you never resent your parents for being born as a 2nd gen, parents who wanted to raise you fearlessly and protect your identity. Be more confident. I know you are children who truly deserve to be loved, and you are already receiving so much love, and if you show the world how happy you are, I believe Heavenly Parent can be happier and True Parents as well.

Big applause

My mother says she feels deeply sorry that she could not leave behind only the life of sacrifice that she went... wanting to bring that to conclusion is their generation... I hope all of us can proudly say to True Mother that Her children are here to fulfill Her Will and understanding Heavenly Parent's Love and inheriting the Will, and in this time, let us stand forward with the leaders of ACLC and WCLC (cheer) and lastly as someone born with the precious love our Heavenly Parent and True Parents, I want to make a promise that we will understand our parents' and Heavenly Parent's Heart and make conviction... tying our shoe laces and moving on.

To be honest, this night as we offer prayer gathering, I'm sure you can feel Heavenly Parent working... ACLC and KCLC members with Kim Gi Hoon Director and having this time of revival and I believe they shared Words True Mother wanted to share with us and all understood Heavenly Parent and True Parents

and HMH and talked about our R. Truly I can feel they are the ones that became united with HMH...

Today, the 159th day at the DC and they offer devotion there.

63,000 have gathered around the world...

H Japan Nagano Church 480 members and they use all the places to fill up all the space and additionally online

Heavenly Parent knows your devotion...

Samawil from Panama is not a member but had an out-of-body experience feeling so grateful and sorry about True Mother, while praying in the freezing cold and went where True Mother is... I let my heart pray centering on Heavenly Parent. 'As the son of your parents, I truly hope for Heavenly Parent's Will to be accomplished and True Mother's release', praying this... then seeing myself and others praying and then saw True Mother sitting alone and truly, truly beautiful and I embraced Her and held Her Hands that were very warm and She looked at me and said, 'I know, I know your heart toward Heaven' and then my body and spirit came back and I received to love from True Mother that made me so happy and I could learn through this Workshop and so grateful to be here..

Also Tongilmu do, the Marshal Art members, tonight True Father's request is to offer prayer with utmost sincerity. She said with sincerity you can move Heaven... Heavenly Parent cannot neglect such prayer... True Father said to offer all your heart and will and love for Heavenly Parent. The result is simple, to risk your life to love Heavenly Parent and give it joyfully, with extreme happiness. Having a lot of knowledge does not allow this, but you must realize how you can let Heavenly Parent enter Your Heart by utmost sincerity... Then, I'm certain Heavenly Parent's Holy Spirit will come down to you. Offer with all your tearful heart, not only for yourself but to release HMH for world peace, so let us offer prayer as we attend Heavenly Parent.

Truly grave times continue. Please protect our True Mother's Holy Body. We cannot express how grateful we are that we have True Mother and please let us let the world know of Her and the substantial image of Heavenly Parent we have come to understand. Allow us to show our heart of gratitude. Let the glory of the True Parents and the Substantial Power be revealed.

Today the ACLC and WCLC have told us that they saw the substantial Heavenly Parent and let all of us rise forward with all the leaders, thank you for being with us and through them we were able to see the HS working through them and allow us to know Your Heart.

So, sorrowful for this situation continuing, but we know no human can block such truth. Let the politicians of this nation attain the status of the chosen people. right now, becoming one is truly

important. Everything is showing that this nation is the chosen and let us not act on our own thoughts and actions but only as one attending Heavenly Parent.

Please stop the voices of falsehood and let the people know how important this moment is. Let the entire U Family move forward with one heart through Cheon Shim Won devotion. Miracles happen when we become absolutely one with Cheon Shim Won.. Hear please the prayers and devotion of our Japanese brothers and sister and let us be one together with Inheritors and 4PF True Father... and be proud and let our devotion spread out even more and more..

Today, we have come to 1,510th Cheon Shim Won. We are in a historical time. On the foundation of this victory, ACLC, KCLC, PCLC and all the religious leaders in every continent are deeply connected with HMH and here with us and going beyond thinking only of HMH going forward to hear of the chosen nation and we had a Christian gathering with all our hearts and prayer and up to the vigil until now, all the course is a time of victory to be one with HMH.

What we are doing is not by ourselves but by Heavenly Parent and True Parents of HEH. Even at this moment, they are with us and from now and on and on. To all WCLC leaders will be one with HMH and be victorious.
