### Summary

In front of the detention center, which is on its 178th day, many foods gathered with Chairman Fumimaro as the center, saying, 'The image of a mother who keeps the will of Heaven in the midst of many hardships makes her children understand the love of Heavenly Father and gives them strength to overcome any challenges.' Through today's all-night dedication, I have decided to fulfill my responsibilities as an elected family, and I will do my best so that it is time to receive my ability. Reported.

Impressions sent from God Japan: After hearing the church I attended was closed, and now my home altar will become Tenshin-ni, I could realize that 'this place is linked to HJ Tenju Hanchi Tenshin-ien.' Thinking that my house is linked to Tenshinni, I also felt that I transcended time and space and joined the all-night serenity of Honjo. After the disbandment, everyone was walking boldly forward, but they

thought that there were various worries in their hearts, so when they prayed, "Father, please comfort the hearts of the foods who are going through complicated circumstances," the words came out, "Forgive, love, and be one, and it will be fine." I felt like a true father's reply. I could feel that Heavenly Father is always with me.

40-day training students' proof: While their parents, who had been pastors since they were young, have been fighting with marital disputes and hurting their bodies with pain, they suspended from school and participated in 40-day training. I couldn't clear my mind even after 30 days, but when I went to Tenshingen on the 34th day, I thought I'd at least try to worship him. After doing 120 worships, he still had too much strength, and continued further, he stopped at 503 worships, just like heaven did the role. Asking on the phone, I found out that Dad's church Tenshin-ei Seishin was just the 503rd time. I realized the spirit world was guiding me together without even knowing it, and when I thought of my parents offering their sincerity in tears prayer at the 503 times Tenshin-sai Seishin, I couldn't stop crying. He repented after knowing the love of his parents, which he had never understood before, and became a trainee who understood the feelings of Heavenly Parents whose tears never dried. The purpose of Tenshin Zenshuho is to embody the feelings of lyrics, so all names have the letters '天' on the head.

There was a report from patrolists that the spirit of evil spirits revived. Inflicting pain on earthly people as a punishment for the sins of earthly people is a condition for the revival of evil spirits. If you sensitize the pains of evil spirits and go beyond, you can enter the family fortune area as a condition of decline, so don't be sighing. No matter how hard it is, if you give thanks and praise for the unlimited blessings, you can move from individual to household, clan, ethnicity and national sphere. If the integrity you have prepared is insufficient, you will be forced to follow the path of decline as a punishment for your crime. When we look at the reality we are experiencing now, we have to perceive and understand if we consider

it as decreasing conditions for national recognition. You have to proceed to perfect your own decline conditions.

True mother devoted her diligence and established a new era, an era in which Heavenly Parents ruled the world centered around Tenjin-gu Shrine. We must enter within that bounty sphere. As for what is the current difficulty, it is because we have something to decrease, so we have to do all of our sincerity and decrease this period of decrease, which is moved by Heaven. You must work your spirit to reach the standard set by heaven.

The important words from the fathers and parents who wish to say, "You all have to live your life." This is the age of salvation by retreating. When you speak, you must speak with everyone's lives and hearts. When you go somewhere, you must think that your father is in front of you and your mother is behind you, and you must feel that your heavenly parents are with you on the left, right, and bottom. "If you ask before heaven, he will teach you." The 14th year of Heaven is such a time when we restore to our Creator Heavenly Father in real body. The degree of feelings is always taught to you if you go to the standard set by Heaven. You have to know clearly that Heaven is alive. How many times a day do you realize that Heavenly Father is present? Is 1-2 hours out of 24 hours enough? More sincere than air, more sincere than water, is our Heavenly Father. "\

"You must know the affairs and feelings of Heavenly Parents. We must know our father and mother. One must live in order to know the feelings. "\

If we pray and devote ourselves to the feelings and affairs of our Heavenly Parents in unity with this present moment, then the ability of Heaven will come together. That I may know that my Heavenly Father is my Father, who has been broken and torn apart but exceeded with love. You can't live in peace if you know the affairs of Heavenly Parents. Father has never forgotten a moment in 40 years. The food of the unity church is the people who carried the concerns of the heavenly father. He told me that if I agree with my Heavenly Father's wishes, circumstances and feelings, I will meet him soon. Then you must become one who mobilizes and moves even your ancestors. I hope that we will all be able to fulfill that word.
