Exciting sports festival!

On May 27, 2015, from 2:00 pm, the ‘Unification Sports Festival’ was held at Seorak Sports Complex located 5 minutes bus drive from Chung Pyung Heaven and Earth Training Center. The trainees of the 195th Chung Pyung 40-day Workshop got on a bus that left the training center at 1:15 pm. This sports festival is held only during the cooler season in Korea.

After gathering and preparing for the events the trainees welcomed President Gi-seong Lee, Chung Pyung Heaven and Earth Training Center for his opening remarks. President Lee was scheduled to leave for USA for an event held with True Parents and despite his busy time he came to congratulate and start off the festival. He wished the health and safety of the members and promised the members to take the sincere devotion offered by the members and convey it to True Parents.

After that, Mr. Toshiaki Yokoi, Japanese Lecturer from the Japanese Team, who was also the emcee started the sports festival. There were 3 events; Basketball, Dodge ball, and soccer (football). Due to the lack of time the sports were played with short times but the trainees were excited and happy to move their bodies and unite with other brothers and sisters from different nationalities.

The trainees were teamed with Peace team and Unification Team and played against each other. For the final soccer game there were 20 brothers and 10 sisters for each team with 3 balls. The trainees enjoyed the new rules and were able to enjoy the atmosphere.

At the end of the day, Peace Team won the game.
