Chung Pyung carried out amazing salvation and resurrection to the many visiting members even on the 3rd week of September. Below is a short field report on the ambassador for peace unification theory seminar.

Under True Mother's sincere love, Chinhwa Annex B of the Chung Pyung Heaven and Earth Training Center is becoming a ground of witnessing for new members.

Especially from September 16 to 20, a deepened Divine Principle workshop was carried out to the Ambassadors for peace for 5 days. Among the ambassador for peace participants was Master Ho Jae-guk (Feng shui) who said "the location of this training center is great according to the law of Feng shui -- as important as the eyes, nose, and mouth when compared to a human body." He then proclaimed in front of the public, "I have received tremendous amounts of grace and finally decided to leave behind my 40 years of faith in Catholicism and enter the Unification church."

General Lee, Seon-min came to this workshop as a couple and Mrs. Son, Myung-sook, the wife, received a special revelation in her dream on the last day. In her dream, lots of people gathered to carry out the last holy song session while she was to breast feed a baby among the many people who were gathered. As she shied away True Mother appeared to her and said "I have done this over 20 times. Why are you hesitant?" When she told this story to her husband, General Lee interpreted the dream to mean "you have to at least participate in 20 other workshops like this." By participating in a long workshop, they were able to

experience themselves being reborn as true children of True Parents.

Because Chung Pyung is known to be a place where True Parents will appear in dreams, revelations, and illusions if we sincerely desire for them, Director Lee, Kiseong said that participants must carry a sincere heart of longing so as to experience the True Parents during this workshop. Amazingly, many ambassadors for peace experienced this phenomenon which made him realize the change in the spiritual atmosphere.

Professor Moon, Jae Jin from Daebul University said in public, "Until recently, the Unificationists were viewed with skepticism, but the society has changed so that those who consider unificationists to be stranger are the ones to be scrutinized." This meant that True Parents foundation and their providential activities are being acknowledged by the world.

Mr. Bae, Seong Cheol, who is a 9th degree taekwondo performer, a former chairman of the Barcelona Olympic taekwondo committee and also a former Chief Officer of President Kim, Dae-jung was mesmerized by the speech throughout the whole workshop to the point that every morning as he climbed to the holy grounds he held the hands of every foreign members he came across. After hearing the divine principle workshop, he also frankly stated that the unification church will grow to control the global spectrum in the near future.

The Chung Pyung Heaven and Earth training center a resurrected and revived place of eternal life for previous as well as new Unification members who can visit to receive grace and get to know True Parents correctly so as to serve them properly.
