### 1st Week of November: Work of salvation longing for True Parents

This week, decorated with the beautiful autumn foliage welcomed the much-needed rain sent by Heavenly Parent to moisten the earth. With True Father in Heaven and True Mother on Earth, the Chung Pyung Heaven and Earth Training Center has actively carried out Heaven's work throughout this week as well.

#### 1. 1291st Chung Pyung Special 2-day Workshop

During the 1st week of November, from September 26th to 27th on the 3rd year of the Heavenly calendar (11/07~08), the 1291st 2-day workshop took place in full grace. This week as well, many international members from all around the world participated in the 2-day workshop.

Director Ki-sung Lee, at the opening remark, read page 1413 of [Cheon Seong Gyeong].

"Before our parents or teachers know, and even before God knows, the conscience knows everything that we do, say and think. It is because God bequeathed to us the conscience with the original function to guide and watch over our lives. However, the conscience, which should be clear as crystal, has been clouded due to the Fall. Amid all manner of sin and spiritual sickness, it now is unable to fulfill its original function fully. Knowing this, please become people who can listen to the voice of your conscience. You should cry out for liberation, for freedom from this evil world that is under Satan's dominion."

In his following speech, Director Lee explained how lucky we were for meeting our True Parents. The purpose of Creation as well as the need for the providence of Restoration and the Age of the Prolongation are all because of True Parents while the ultimate destination for all human beings after separating ourselves from evil spirits are also True Parents. This means we are extremely lucky to have miraculously met True Parents, receive salvation, and participate in this glorious heavenly work of restoration side by side.

Moreover Director Lee also emphasized the importance of cleansing our spiritual background by explaining the motive and the course of Adam and Eve's Fall so that we may listen to the voice of the conscience centering on the words of True Parents who are the God of Day especially since for the conscience to work properly we all must wash away our fallen nature. Lastly, he also emphasized the grace of Chung Pyung Training Center where the substantial and direct work of True Parents of Heaven, Earth, and Humankind take place.

Followed was the grace-filled chanyang session and the second lecture by Vice-director Myung-gwan Lee who spoke on the grace of the Spirit World and Physical World Blessing Ceremony. He introduced two testimonies from couples who received the Spirit World and Physical World Blessing. First was the story of a sister who, after 18 years of marriage divorced her husband, joined the church and eventually received the Spirit World and Physical World Blessing Ceremony with the now deceased former husband. She had said "For the first time in 40 years, my husband appeared in my dream and proposed to me. He said 'will you get blessed with me?' I was so overwhelmed that I finally realized this was indeed the will of Heavenly Parent."

Another single blessed member who eventually received the Spirit World and Physical World Blessing clearly testified about the spirit world: "During the engagement ceremony, I saw my late husband who used to walk with the aid of an iron heeled walking stick. As the spirits entered the hall, I could hear the clanking of his stick echo the room. I could feel his presence and I could not stop shedding tears. At the end of the ceremony, as the spirits went off to the spiritual training center, I heard the sound of his walking stick fade away."

This week a total of 159 families applied for the Workshop to start family life as a Spirit and Physical World Blessed Family.

Member K.I.(6500couples, female) from Higashi-Shizuoka Parish, Japan who participated in this Spirit and Physical World Blessed Family Workshop gave the following remark. "My parents desperately opposed the church. 3 years ago my father went to the spirit world and I recently came for a 40-day workshop. I offered many conditions so that I could at least witness my mother. Through my efforts, I could feel that my father in the spirit world wanted to receive the blessing. When I returned home, I visited my mother with my church leader and spoke to her about receiving the blessing. Miraculously, my mother who was absolutely against the church immediately accepted to receive the Single Blessing. Moreover, when I explained about the Spirit and Physical World Blessing she was happier than ever. While I participated in the ceremony on my mother's behalf I could feel the presence of my father on my right. I began shedding tears as soon as I laid eyes on the beautiful smile of my mother in the picture. It was an incredible moment and I thank True Parents for the opportunity they have given me to be a filial daughter."

On the second day, after reading page 716 of the Cheon Il Guk Scripture [Cheon Seong Gyeong] during Hoon Dok, the participants watched the video of True Mother's speech at the '2015 Youths and Students World Assembly' and at the 'True Father, Rev. Sun Myung Moon 1,000 Day Memorial Celebration'; sharing a precious moment to appreciate the fervent love with which True Mother is embracing each and every one of us.

Next was the grace-filled chanyang session for the ancestor liberation.

Followed was the program to start family life as a Spirit and Physical World Blessed Family. From this workshop onward, participants were to read prayers and words of True Parents related to the Spirit and Physical World Blessing.

Member J.U.(6500couples, female) from Minami-Tokyo participated in this workshop for the Spirit and Physical World Blessing with her Great-Aunt from her mother's side. 6months ago, her Great-Aunt had transferred to the Family Federation from another religion. After joining the movement she kept asking J.U. to 'take her to Chung Pyung because I like the place.' Incredibly, she soon began to recover in health and even asked to participate in the Spirit and Physical World Blessing. Her Great-Aunt is always overjoyed to visit Chung Pyung because whenever she comes to the training center, her body feels light and healthy.

Member M.K.(400million previously married couples, female) from Higashi-Nagawa Parish, Japan said her deceased husband appeared in the dream of her relative 49days after passing on to the spirit world and

said 'I am now suffering in the spirit world. Please help me.' That was why she eventually had him take the 100-day spiritual workshop to receive the blessing. Later on, the husband, dressed in a white robe, appeared again in the dream of her daughter. She sincerely realized the incredible work of Chung Pyung which is indeed Heaven's providence.

Also Rev. Jong-muk Kim (6000couples), Leader of Gwangsan Church in Gwangju Parish participated in the workshop to start family life as a Spirit and Physical World Blessed Family accompanied by the district leader who is also the vice president of the Korean Calligraphy Association. Although it had been 16 years since the wife had passed away, he was moved by the Divine Principle and decided to receive the blessing. Soon after the blessing the deceased wife in her 20s appeared in the dream of the Mrs. Kim (wife of Rev. Jong-muk Kim) and bowed with gratitude for the blessing. Hearing this, the district leader decided to complete the ancestor liberation as well as the blessing ceremony so as to prepare his life in the spirit world.

## 2. 199th 40-day Workshop

A total of 182 participants are taking part in the 40-day workshop, receiving endless grace on a daily basis. Many of them have experienced special events and are sharing their testimonies with us.

Member Y.Y. who also participated in the 5th Purification Azalea Festival last May returned for the 40-day workshop as a pregnant mother. She was overjoyed with surprise because although she had given up on pregnancy for a long time, after offering the Fulfillment of Wishes Paper and sincerely praying to Heaven at the Azalea Festival, she soon became pregnant following the festival. She is dreaming to return to participate in the Chung Pyung workshop with her new born baby and her husband.

Member N.S. (400million previously married couples, female) from Kita-Hokkaido Parish, Japan said she began coughing a lot as she beat her head and her left chest during chanyang session because she felt those areas had lots of evil spirits. The workshop that perturbed her physically at the beginning has now turned her into a strong and fit person as she entered her 39th day. Whenever she cried while offering prayers at the holy grounds, she felt others were crying through her body and the ancestors also were shedding tears within her. She said "I found the words of True Parents given on June 21, 1969 which says 'there is no worries when Heaven loves me and I love Heaven in return.'" N.S. personally told us that she is returning home carrying those words and her 40days deep within her heart.

Member N.Y. (2nd Gen from 1800 family, female) from Seihoku-Tokyo Parish, Japan also said the following. "I felt my clothes were being taken off during chanyang session. I could clearly sense the evil spirits departing my body. I cried a lot during the 40-day workshop I participated 7 years ago. But after the Universal Seonghwa of True Father, Chung Pyung has transformed into an even better place, shining brightly like diamonds with the light from Heaven. One day, while I prayed at Cheon Seung Dae and reported my lack of confidence to Heaven, God clearly responded to my prayer and said "I called you here." I really could feel and experience Heavenly Parent."

Member K.T.(child from a 40million previously married family, female) from Ishikawa Parish, Japan also testified that: "I heard during the lectures in Chung Pyung that 'if I sincerely pray to meet True Parents before going to bed, they will definitely appear in my dreams.' I was not completely sure of this but I prayed and went to sleep. Incredibly, that night, True Parents did come in my dream. They smiled at all the participants and stayed with us during the workshop. I could really feel that True Parents are embracing us with care and strengthening us with their energy."

### **3. "Could not help but cry seeing all Their words come true....."**

November 5th to 6th, the 72 couples' annual assembly took place with 47 participants. Elder Yun-sang Kim (72 couples, male) who participated in this annual assembly was deeply moved by the history and the amazing development of Chung Pyung compared to its early days. He said to have shed lots of tears internally as he saw all of True Parents words come true.
