## WFWP USA: Happy International Women's Day!

Kaeleigh Moffit March 8, 2023

"Women have the magical power to create harmony and to soften hearts. Brides build bridges. The world of the future can be a world of reconciliation and peace, but only if it is based on the maternal love and affection of women. This is a true power of womanhood. The time has come for the power of true womanhood to save the world." - Dr. Hak Ja Han Moon, WFWP founder

We hope you had an amazing and memorable Women's Day!

With love and gratitude, **WFWP USA staff**
