[The Washington Brief webcast](#) **South Korea President Yoon's State Visit** *in the 70th year of the U.S.-Korea Alliance*

Webinar Tuesday, May 2, 2023 from 2 to 3 PM EDT

Republicans and Democrats alike appreciate the alliance and its importance in a region and era overshadowed by China. The Korean President was welcomed on both sides of the aisle. Amid the pleasantries, however, there are grave issues: the growing belligerence of the China, DPRK, Russia axis; Korea's crucial and rocky

relationship with Japan; North Korea's new generation of ICBMs thought to have MIRV capabilities and a reach into any part of the U.S. And more.

Join Guy Taylor, veteran international reporter and The Washington Times's National Security Team Leader, along with Ambassador Joseph DeTrani, former U.S. envoy to the six-party talks and Dr. Alexandre Mansourov, professor of security studies at Georgetown, as they discuss what comes after the State Visit and what's at stake in the shared future of South Korea and the U.S..
