

WFWP USA: Congratulations to Dr. Angelika Selle!

Kaeleigh Moffitt
September 7, 2023

It is our joy to announce that our former President (from 2010 to 2023) and our current WFWP USA National Advisor has been officially awarded an honorary doctorate by the [My Life Theological University](#). Dr. Selle, received her doctoral certificate at WFWP USA's [Passing the Baton Ceremony](#) earlier this year at The Washington Times.

Her Robing Ceremony took place also at The Washington Times on August 26, 2023 together with other recipients of graduate and undergraduate degrees from the University. She received this honor in acknowledgment of her exemplary leadership in reconciliation and peacemaking as well as in leading with heart. Her track record of public service over many years also includes four years of investment as pastor of a local church and, prior to that, years of community activism in Maryland.

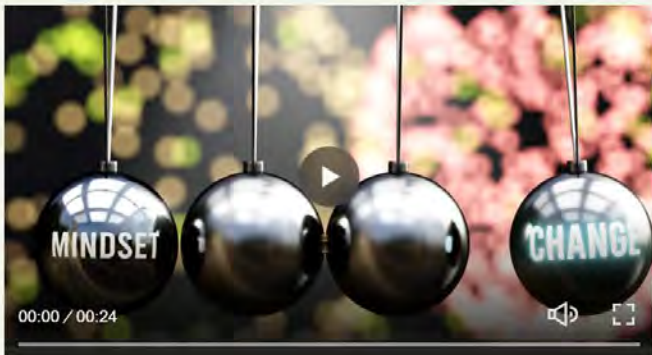

In addition to her position as WFWP USA National Advisor, she is pursuing a concurrent course as a speaker and consultant on family and peace issues through her new website www.transformative.vision.

Once again, congratulations!

Dr. Angelika Selle, founder, experienced inspirational speaker and consultant in reconciliation and peace leadership provides practical and comprehensive tools for individuals, groups and institutions.

For those who seek positive change and are open to learning through a transformative and transformational vision
