

WFWP USA: Spread the Word! Wholehearted: A New 7-Week Virtual Course

Dear Members & Supporters of WFWP USA,

When I was appointed as the President of this wonderful organization earlier this year I had a lot of people ask me what was the goal of WFWP? While I believe purposes must evolve to ensure impact, I can say the primary goal of our work surrounds the restoration of women. Not simply from the mainstream point of view that convinces us we must compete with men to gain stature, but rather, from a more encompassing and holistic vantage point.

"I launched the Women's Federation for World Peace as a movement to awaken women to their true value and help them embrace men and develop themselves in partnership with men."

- Dr. Hak Ja Han Moon, WFWP Founder

Our world is far from where it needs to be, and my belief is that we desperately need a balance of both masculinity and femininity in our morality, leadership and spirituality. Up until this point, however, we have been sorely lopsided. Thanks to the model of our founder, Mother Moon,

we are excited to open up a new chapter in which men and women can work together in partnership as they were originally created. To do that, however, we must take time to unveil the story of womanhood which has been hidden for so long. And that is why we created “Wholehearted.”

“Wholehearted” is a 7-week course designed exclusively for WFWP USA members who are ready to embark on a journey of unveiling the essence of womanhood. Through a blend of readings, discussions and activities, we will guide you in embracing your unique strengths, navigating challenges, and forging a path towards a more profound connection with your identity as a woman. Based on the book “Mother of Peace”, memoir of our founder, Dr. Hak Ja Han Moon, we invite you to peel back your layers to embrace your authentic self and explore the depths of what it means to be a woman in her fullest form.

We invite you to join us in this enriching exploration where you'll discover that embracing the essence of womanhood is essential in living wholeheartedly.

*** While geared specifically to a feminine audience, we're thrilled to offer a special track for men who are also interested in participating in this journey. We know this story is monumental for women, however, we also know it is not solely for the benefit of women. Our belief is that unveiling the essence of womanhood is an essential part of working towards the world we are all longing to see.

Sincerely,

Kaeleigh Moffitt
President, WFWP USA
Vice President, WFWP International
