TESTIMONIES

Me and my wife have been chosen to be part of the 12 attendance couples during the **Hyojeong Offering Paper Ceremony for the Inheritance of Heavenly Fortune**. When the members with the wish boxes passed by, I felt very strongly with all my body and soul that these boxes with paper wishes are not only wishes of the members but the wishes of all history and ancestors behind us. During the prayer of gratitude, **I reflected upon my family wishes and I realised that this is not only my family wishes but the wishes of God**. He was very happy that through all of us here His will for the world can be realised through our paper wishes. Aju!

TESTIMONIES

I went to the prayer room to pray and fill out the wish paper. When I went to bow and offer the wishes paper to our Heavenly Parents, **Hyo Jin Nim spoke to my heart: "don't worry I will take care of it personally. "My heart was filled with gratitude and confidence. Thank you Hyo Jin Nim.**

TESTIMONIES

While paying the donation for collateral liberation, my tears started to flow strongly. I could feel this person's gratitude (collateral spirit) for the chance to participate in this liberation event. Thank you for being able to do this liberation for this precious man. He was one of the first missionary who brought Christian faith to Korea in 1868.

TESTIMONIES

Thank you Heavenly Parent and True Parents!

Rev. Tibor Krebsz explained in his lecture that **we are here to receive God's love and God's truth. This moved me a lot.** Even though we have so many shortcomings, **God and True Parents really wants us to experience their love and want us to experience Heaven.** I wanted to feel this through chanyang and I felt a lot of gratitude. Thank you again for this great opportunity to participate in this event. Thank you again for your work and all the best on the touring!
