

## Blessing in in Gnesta near Stockholm, Sweden

Peter Nylén  
April 16, 2022

On the 16th of April in Gnesta near Stockholm, the Swedish community came together to attend and celebrate as 4 couples received the blessing from True Mother. A lot of work had been done in preparing the venue by the family Jolins who had two candidates that were receiving the blessing. The venue was very beautiful and the couples could feel that this indeed was a special day.

The event was very heart-warming and the community could feel True Mother's heart as she conducted the blessing for the couples.

The representative couple Hans and Lilliana helped create a very good spirit for everyone attending.

As the venue could not host the entire community we had a live stream for those that wanted to see the couples get blessed but could not be there themselves.
