

The Collapse of Tyranny!

For you were called to freedom, brothers. Only do not use your freedom as an opportunity for the flesh, but through love serve one another. For the whole law is fulfilled in one word: "You shall love your neighbor as yourself." But if you bite and devour one another, watch out that you are not consumed by one another. But I say, walk by the Spirit, and you will not gratify the desires of the flesh. For the desires of the flesh are against the Spirit, and the desires of the Spirit are against the flesh, for these are opposed to each other, to keep you from doing the things you want to do. But if you are led by the Spirit, you are not under the law. Now the works of the flesh are evident: sexual immorality, impurity, sensuality, idolatry, sorcery, enmity, strife, jealousy, fits of anger, rivalries, dissensions, divisions, envy, drunkenness, orgies, and things like these. I warn you, as I warned you before, that those who do such things will not inherit the kingdom of God. But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control; against such things there is no law. And those who belong to Christ Jesus have crucified the flesh with its passions and desires. Galatians 5:13-24

Whenever Christianity went to a strange country for the first time, the men and women who went with it had to undergo difficulties and shed their blood. Those who died undertook such suffering in order to be separated from the world and from Satan. They stood in the position where they could receive God's love and make themselves a sacrifice for others. If they had wanted to curse those who killed them, there could have been no providence for restoration. They had to pray for those who killed them. Without that kind of mind Christianity couldn't proceed in the manner it did. Those things occurred because God had the intention to forgive Adam and Eve after they fell, if only an unfallen brother and sister would have come out to console God's painful mind, think of the pain of their fallen brother and sister, and sacrifice themselves for the sake of the other.

SMM, God's Warning to the World: Reverend Moon's Message from Prison

Hello,

Hyung Jin Nim began the service on Sunday by discussing how if you treat following the Bible's commandments as the ultimate purpose and don't have a personal relationship with Christ, you are missing out. The law is like a mirror that exposes our sin. Not one of us is without sin. Don't compare ourselves to an example of extreme evil like Hitler, but to the perfection of God.

He then showed a video of a [pastor confronting Canadian police who'd entered his church on Passover Sunday to enforce Covid restrictions](#). He told them to leave immediately, calling them Nazi's and Communists. He was able to drive armed police officers from his church by speaking the Truth!

Hospitals get \$33K for every "Covid" death so they have an incentive to report as many of those as possible. On CNN a doctor expressed concern that people might go back to freedom too early, as if freedom were a government-granted luxury, not a basic human right. California is now under a 3rd lockdown.

Our Constitution is based upon a Judeo-Christian foundation. The founders of our nation quoted from the Bible as well as Montesquieu, Blackstone and Locke who were Christian philosophers.

To atheists we are just advanced bipeds with greater intellects. Sadly modern people have shorter memories, since they are not reading nearly as much as in previous decades. Popular visual media does fast editing every 3 seconds to keep viewer's attention. A goldfish has a longer attention span! Devoting attention to media separates us from relationships with nature and others.

Surprisingly people in the upper class are less happy than people in the middle class because their family relationships suffer. It is common for CEOs to work 80 hours per week with not enough time for their marriages and children. The resultant difficulties in marriage will affect their children. High rates of taxes drive many couples to decide they need double incomes to support their families. If the parents have too much income, children can become spoiled and never learn how to work hard and fight to attain something.

As an example he referred to a video on the Valuetainment youtube channel with Patrick Bet-David interviewing a doctor who works with high income families. Often the children in such families feel inept. The doctor starts with instructing that the children should start by making their own bed. Internally children feel guilt, because they're not contributing. They feel like "dead weight."

The habits of most millionaires are to work hard and to get up early so they can work for several hours before the regular work day. It's good to build up your child's discipline and confidence. We are the Kings and Priests so it's our job to teach our children.

Secular religion uses government power to enforce compliance, which could escalate to violent enforcement since behind every law is the threat of imprisonment or worse.

The Bible gives us a reality check. Our works do not erase our sins. That is what the Pharisees believed. But God says, "if you love my son." The fellowship of saints is important. The Word leads us to a Person that we meet through His Book.

America is a free nation achieved through blood, with those on the front line risking their lives with God standing with them in battle. It is for freedom that God set us free, not just to conform to pagan values.

God bless Gov. DeSantis who said he would ban "vaccine passports." We could be called to make similar sacrifices. Every person who unjustly dies will be a martyr, exposing Satan's crimes. Eventually the tyranny will collapse. We will transcend because of the victory already won by Christ.

Concerns about Covid 19 Vaccines

by Chantal Robertson, MD

The coronavirus or crown virus has been known since 1960. Flu, cold sore, chicken pox, shingles are all due to coronavirus. It is a real invader. It cannot reproduce by itself, only inside the cell of a host.

The coronavirus we have now is a potential biological weapon produced in Wuhan, China, originally as a bat SARS type coronavirus. It was then manipulated in a laboratory to become virulent through segments of HIV and malaria incorporated in the spike proteins on the surface of the virus, and contagious through the spike proteins able to integrate with human cell receptors and penetrate into the cells, with the capacity of transmission across species.

According to reports in the Epoch Times magazine, in mid-January 2020, the Chinese laboratory team released and publicized the genome sequence (DNA sequence) of SARS-Cov-2 (Covid-19) on virological.org, because the virus started spreading in China and the world, and no one knew the sequence nor could take prevention measures against it. Then it was prohibited and the information about samples, related papers and data were all censored by the Chinese government.

The Covid-19 virus is a strand of DNA (deoxyribonucleic acid) and messenger RNA (ribonucleic acid) carrying genetic material and wrapped around a string of protein. Both RNA and DNA are nucleic acids, essential molecules in the cells, carrying genetic information. DNA is for storage and transfer of information, RNA acts as a messenger between DNA and ribosomes to make proteins.

Anti-viral vaccines until now have been the traditional protein-based vaccines, as in polio and flu, which consist in injecting viral proteins from dead or attenuated viruses, to create an immune response from the body.

The main Covid vaccines, also called gene therapy, include mRNA vaccines such as those created by Moderna (USA) and Pfizer/BioNTech, (USA/Germany), and DNA vaccines, such as those from Oxford/AstraZeneca (UK-Swedish) and Johnson and Johnson (USA).
