The Real Miracles

So he told them this parable: "What man of you, having a hundred sheep, if he has lost one of them, does not leave the ninety-nine in the open country, and go after the one that is lost, until he finds it? And when he has found it, he lays it on his shoulders, rejoicing. And when he comes home, he calls together his friends and his neighbors, saying to them, 'Rejoice with me, for I have found my sheep that was lost.' 7 Just so, I tell you, there will be more joy in heaven over one sinner who repents than over ninety-nine righteous persons who need no repentance. Luke 15:3-7

To this day, I, Rev. Moon, have walked a lonely path as an individual. Though it has been a lonely path, I know God more deeply than anyone else does. In history, many lonely people cursed their circumstances while asking for blessings. Yet, centering on God's grieving heart, I did not think like those people. Instead, I said, "God, do not worry." That is a different way. I am not a man to retreat due to personal trials. A man who pledges to die only after overcoming the trials of the world and liberating God cannot write a letter of surrender during that individual course. He cannot be cowardly. Even though my wife opposed me, my children opposed me and my parents opposed me, I cut them off in order to walk this path. I walked the path in spite of opposition by my nation of 40 million or even 60 million people. (SMM 175-257, 1988.4.24)

Hello,

Hyung Jin Nim spoke at the Sunday service even though he just returned to Tennessee the night before after 20 hours of travel from Korea. It's wonderful to be back in the home of the free, where you can carry a real firearm, not just an airsoft replica.

Pray for those attending the NRA show in Houston. What did law-abiding NRA members have to do with the shooting in Uvalde, Texas by a psychotic youth who doesn't have a father and takes drugs? Pres. Trump and Sen. Cruz did show up. To defend the nation we have to work with the good bad people whom we cannot always trust versus bad bad people working to destroy the nation. Some leftists called for bombing the show, but patriots attended despite those threats.

It's wonderful that so many babies are being born in the Sanctuary community! These young parents are giving the gift of their youth to their future children. The stronger the family relationships are, the stronger the community and kingdom. Martial arts training increases your tolerance of pain and danger. You can be the first power-lifting coach for your children! You young people are choosing to invest in important things, not in leftist agendas promoted at many colleges where many lose their ethical values and often burdened with a lot of debt.

Focusing on your career and money does not buy good relationships with your children and spouse. Billionaires think they can solve everything with money. If their children get into trouble, they can buy off judges or police chiefs. They literally think they can become God. When they arrive at the airport they are escorted to their private jets. But fraudsters surround them, looking for money.

In Korea, the Harlot of Babylon heresy was under wraps in 2012 and 2013. She told Hyung Jin Nim and Kook Jin Nim about her beliefs, and they could not accept her agenda. Hyung Jin Nim did not crown himself. No one can deny that True Father chose Hyung Jin Nim as his heir and successor.

A new proposed WHO treaty is supported by many nations would give the World Health Organization authority over nations to determine their pandemic response to a "health crisis." The WHO president Tedros was the brutal Communist leader of Ethiopia. Pray that Satan's plans including the forced quarantines, vaccinations, etc. designed to control people will be exposed and rejected.

Resistance begins at the local level. Luke 15 speaks of the joy in heaven when one lost sinner has repented than over 99 who do not need to repent. Real repentance means to change your mind and to center on God, not on your own faults. God already knows our list of sins. We cannot impress Him with repeatedly expressing those.

Hyung Jin Nim has met the highest levels of Buddhist leaders including the Dalai Lama. He realized that they had the same sins as everyone else. Even your spouse does not know all the details of your inner world.

Hak Ja Han called Hyung Jin Nim and Kook Jin Nim the most evil, unfilial children. The church leaders went along with those accusations. The core of True Father's teaching is about lineage, but they replaced that with rulings of the Supreme Council. All Hyung Jin Nim had was the truth and True Father's words. They controlled the media and acted to sue us out of existence. They accused him of disobeying Korean tradition, saying he should just bow down to whatever his mother wants even if she is blaspheming God and True Father. People who never sat down with his mother even once were telling him what to do.

Confucius taught subservience to the state. Judeo-Christianity teaches relationship with the God of eternity, not the state.

No one believed Hyung Jin Nim when he was telling the truth. It has been nearly 10 years since he was driven out of church positions in Korea. He was the only one in the True Family who was talking about

True Father and the need to protect freedom.

In the Western world it is wrong to say anything critical about women, who allegedly can do no wrong. For 10 years Hak Ja Han has had total freedom to do what she wants. All her prophecies of world unity and peace have failed. Where are the Christians who believe in her as the Only Begotten Daughter?

True Father gave everything to fight worldwide Communism. And now we are again in a battle between freedom and tyranny, good and evil.

Kook Jin Nim made businesses prosperous in Korea. The Unificationist business conglomerate was the 18th largest in the nation. One of the top Korean universities, Yonsei University, had a business class about how Kook Jin Nim changed UC businesses to be prosperous. He was giving Strong Korea lectures to generals. If Hak Ja Han had expressed gratitude to True Father and support for the two brothers, Korea would be a different nation today. It would have led to good countries making bad nations scared, instead of the reverse.

He never expected to return. His passport expired in 2020. FFWPU hired top-level lawyers in the lawsuit against him. Like a giant Goliath, they spent millions to shut him down, but in the end, they lost. The law has affirmed that Sanctuary has the right to print the 8 great textbooks which belong to the people of the whole world.

FFWPU used Segei Ilbo to prevent newly elected President Yoon from meeting with Hyung Jin Nim. Now there is a new mandatory \$12,000 donation to build her new palace. She claims that True Father is suffering in spirit world and dominated by Satan. We have a video by Kwan Young Il showing exactly what she has been saying. Everything Hyung Jin Nim and Kook Jin Nim said in 2015 has been confirmed. Family Fed theologians are now writing a new Divine Principle. Two working in the FFWPU historical archives are resigning. Internally they are collapsing. They are hiding what she said in the legal deposition. Why are they not proud to make videos of her legal deposition public?

Even though Family Fed warned everyone not to attend his speaking events, the first event in Yeosu was overflowing. The fire of God poured down. Shinduk and Shinjoon did a great job helping people who came up for prayer. People were weeping and gnashing their teeth. The video of the event had 10K views. He asked, "has anyone been paid to be here?" No, they said, "we are here just because of God's love." They can keep on suing me, but I am still the richest one because I have God's love. He spoke in 5 out of 8 states and visited holy sites. He told himself, "I cannot to do any miracles by myself. I am just going to be His hands and feet."

In the beginning of the last event in Seoul the room was only half full, but by the end there were many new unknown people who filled the room. The Chong Do martial arts group attended. Ten of their instructors came along with their students. They said they had to come because they knew Rev. Sun Myung Moon fought against Communism and wanted to see what his anointed son was saying at this dangerous time.

Mr. Jin, one of the older 2nd Gen who is in his 50s and under TF's authority, has 9 children. One was killed in a car accident several years ago. At the final event, he received prayer. He was knocked to the ground. His hands and feet were paralyzed. He could not get up for hours. He saw True Father who brought his smiling daughter. His pain was washed away. He felt so grateful.

The biggest miracles were not the healings, since many who were healed did not follow Jesus. Transformation of the heart is the biggest miracle that Father wants.
