The Truth about what Han Mother Said!

And the kings of the earth, who committed sexual immorality and lived in luxury with her, will weep and wail over her when they see the smoke of her burning. They will stand far off, in fear of her torment, and say, "Alas! Alas! You great city, you mighty city, Babylon! For in a single hour your judgment has come." And the merchants of the earth weep and mourn for her, since no one buys their cargo anymore, cargo of gold, silver, jewels, pearls, fine linen, purple cloth, silk, scarlet cloth, all kinds of scented wood, all kinds of articles of ivory, all kinds of articles of costly wood, bronze, iron and marble, cinnamon, spice, incense, myrrh, frankincense, wine, oil, fine flour, wheat, cattle and sheep, horses and chariots, and slaves, that is, human souls.
Revelation 18:9-13

Your once beloved one can betray you and become your enemy. In that case you must be able to part from him without shedding a single tear. SMM, Important Person 6-10-73

Hello,

Last Sunday the Family Fed tried to disrupt our worship service in Yeosu. Because Kook Jin Nim and I love our mother, we pled with her not to choose rebellion against Father. We were shocked when she screamed "I have absolute power!" We need to remember that in order to have the possibility of true love. God allows all of us free will to disobey Him. Even she has that freedom. The Han Mother bragged that she could do better than Father and that we, the two brothers, knew nothing.

We prophesied that there would be a worldwide level judgment. It was the same with Eve. If Adam had stayed strong, he could have stood in the position of Christ.

In response to the Han Mother's fall, we stayed strong and stayed in the subject position representing True Father. No one believed us. We are not "cursing" her. We are **telling the truth about what she said**. Now the truth is coming out even more than what we spoke about.

The FFWPU in Japan is now in the spotlight every single day. Their entire money stream is collapsing. They have 3,000 staff and many retirees on pension. Businesses that were reformed and made profitable under Kook Jin Nim's leadership returned to previous practices.

In 2009 under our leadership, for the first time, the Korean church sent \$200K to help the Japanese church. We made a plan that every year the level of donations from Japan were to be reduced, but we

were removed before it could be implemented.

Preston and the Kwak group apologized for the shooting, even though they had nothing to do with it. But they failed to apologize for their real crime of stealing \$2 billion from the Messiah. They stole God's foundation, which is why True Father directed that they be sued for theft. Hyung Jin Nim, as the appointed head of all the providential organizations, could also have sought to seize funds, but he couldn't do that.

Hak Ja Han said they wanted to create a "Korean Vatican." That is why they are now constructing a replica of St. Peter's Basilica at Cheongpyeong in Korea. She is demanding that church members give tens of thousands to support that, with a goal of \$180 million by next May.

We must worship God, not mammon. Sacrificial morality and honorable citizenship are the building blocks of God's Kingdom.

Despite Hak Ja Han's betrayal, True Father was still able to establish his kingship and lineage. Hyung Jin Nim and Sanctuary were the only ones who did not steal from Father.

Those who aided and enabled the Han mother don't really care about her. They were using her. Now judgment has come. We should be grateful. God's Kingdom and Lineage are growing. Our freedom-based Constitution has been declared.

A new federal "assault weapon" ban has been proposed in the Congress. At the Nuremburg trials, Nazis tried to defend themselves by saying "we were following German law." But there must be a higher law beyond national laws. Good and evil exist. Relativism leaves the door open to evil.

Within 7 years of the rejection himself as True Father's anointed heir, there was a worldwide pandemic lockdown that killed millions and threw hundreds of millions into poverty. We continued to worship during this time. We, like many others, have faced censorship. The "Climate Crisis" agenda is reducing food supplies and will lead to starvation in many countries. The climate emergency to be declared by President Brandon will bring same to America. We need to train, prepare, and invest in our families and communities. Despite the challenges, we have our relationship with God, and that is what matters.

"Father Already Knew He Was Going to Be Betrayed"

I had a very powerful dream this morning. I was in a room with True Father, Kook Jin Nim, and one other person. Father was sitting at a small table and had a serious face. There was a sliced cake in front of him, a sort of rectangular pound cake. Kook Jin Nim was standing on the other side of the table, facing Father. The other person was sort of behind Father. I was to Father's left, at the end of the table. Father motioned for me to take a piece of cake. I reached for the end piece, which was slightly thicker than the other slices. The person behind Father was whispering for me not to take that piece, but Kook Jin Nim motioned for me to take it. Then Father said I should have at least 2 pieces. (I think Kook Jin Nim was translating for me.) When I looked at True Father, a deep feeling of sadness came over me. I felt I needed to warn Father that many of our church brothers and sisters were going to betray him. (This whole scene seemed to be taking place before Father went to spirit world). My heart started to feel extremely heavy, and I started to feel like crying in an intense, agonizing way, as I pondered the betrayal Father was going to face. I tried to hold back my tears, but my emotion was so strong. Then the thought came to my mind that Father already knew that he was going to be betrayed, and he was just enduring through it.

I then woke up. It was about 4 a.m. My heart was still filled with emotional pain, and I shed tears in my bed. Alan Feldsott, July 19, 2022

May God bless you and your families!

Sincerely,

Richard
