## 2014 BC Summer Media Institute!

Richard A. Panzer

April 17, 2014

*The world is changing in front of our eyes. Will these changes be for the good? The truth is-it depends. At Barrytown College we want to be part of the solution, to be a force for good, to "direct the change" even one inch in a positive direction. I hope you'd agree that honest truth-telling through media is urgently needed in our country and world!*

*In order to share this vision and the stories of people who are making a difference, **on July 7 we will launch the 2nd year of our on-campus Barrytown College Summer Media Institute, which has the theme, Direct the Change.** Under the guidance of experienced educators and media professionals, students will learn to use the power of documentary truth-telling to create a variety of inspirational and educational videos.*

Here are what last year's participants said about their experience at the Summer Media Institute:

*"Barrytown's Summer Media Institute gave me another vision as to what I could possibly be doing with my life...I like the type of person it takes to create a documentary. It's a powerful medium to reach people, so it gave me insight into what it takes and how I could possibly fit into that."*

*"When you're behind the scenes, you see all the effort that goes in. I am proud of the videos we made."*

*"I learned so much about myself. It was more than I expected. It inspired me to pursue a career as a filmmaker."*

Media Institute students will learn writing, directing, cinematography and

editing techniques while working together in teams to create their own documentaries. The program can be taken for academic credit towards a Bachelor of Arts degree or just for the sake of developing one's skills. (Federal student loans can cover the cost of attendance for those who are qualified.)
