*All kinds of things happen when a man and a woman fall in love. But if you find a way to find God and really taste God's love, you will see that God's love is beyond comparison with anything in the world. If there is someone who has tasted such love, no suffering and no sorrow would be able to conquer him. Should there not be such an absolute realm of liberation? Finding it becomes the issue.*

Greetings!

The life and ministry of True Father, Sun Myung Moon, was celebrated on his 96th birthday on February 13 at the Unification Sanctuary in Newfoundland, PA, followed by a beautifully moving 2100 Couple Blessing ceremony.

Rev. Thelma Lumbus of Cleveland, OH, of the 172 Clergy offered a moving, heartfelt prayer. Reverends Sang Yeol Lee, Hasue Erikawa, Richard Panzer and Christian Seeburger representing Unification Sanctuary chapters in Korea, Japan, North America and Europe as well as participants from France, Italy, Germany, the Philippines, Thailand, and several other nations attended the event. In addition, a parallel blessing was also conducted at Pastor Mims' New Covenant Deliverance Ministry Church in Houston, TX the next day.

At the Sunday Service on 2/14, Hyung Jin Nim explained that we cannot just relate based on human emotions. It has been three years since Father passed on to the spirit world. Father did not come to establish organizations. He came to move forward God's providence. Sadly, many Korean church elders were more intent on creating fiefdoms than on contributing to the Providence. True Father called in Kook Jin Nim in 2005 to clean up the businesses in Korea which after many years still depended on funds from donations gained through the blood, sweat and tears of Japanese

brothers and sisters.

True Father called in Hyung Jin Nim in 2006 to clean up the Korean church. Members were given freedom to attend whichever church they wished and to elect their own leaders.

Membership and sense of personal ownership grew, but sadly the resentment of those who wanted to preserve the status quo also increased.

God's Kingdom comes through either blessing or judgment. Sadly the FFWPU hierarchy chose to betray Father's directions and words in order to preserve their own status and benefits. God's justice shines the light of truth, revealing our true motivations.

On God's Day, Hyung Jin Nim repented publicly for hesitating to sit on True Parents' throne and immediately felt Father's anger that there was no one to receive the bows on his behalf. Fortunately, Father provided a way to restore that. Similarly each one of us must face a choice whether to accept God's will for our lives or to run away. There are not many paths. There are just two paths, AWAY from God or TOWARDS God.

When church elders who betrayed Father come back, and they must, since there is no other place to go, they will not be able to claim a place of respect. God is separating based on true love-- who truly loves God or who values more the benefits that God provides. You cannot serve two masters. Those who truly love God must hate sin and the idols that lead to sin.

Blessing at Pastor Mims' church on 2/14/16

God has many people prepared to receive the Lord of the Second Advent. God's prophecy that in the end times, the last will be first and the first will be last is coming true at this time. At the end of God's providence, everything moves faster. We do not control time, God does.

## Addendum

Those who arrogantly insist that Hyung Jin Nim's anointing was "conditional" and that he must meet THEIR concepts of acceptability will themselves be rejected by Father, who made the judgment that Hyung Jin Nim was more qualified than any church leader or member in the world. As the anointed Heir/Successor/Teshinja/ Resident Body of True Parents, he has NOTHING TO PROVE TO ANYONE. Those who illegitimately claim to know better than Father will be judged for their disobedience and rebellion.

### **Response to "Sanctuary Church Schismatics" by Michael Mickler by Kerry Williams, UTS '92**

Dear Michael,

It seems like just yesterday we were sitting in the faculty dining room at UTS with President David S.C. Kim during one of his many breakfast meetings with us core staff members. I miss those times with our dear Grandpa Kim.

I believe we can agree there is a lot at stake right now. Both Sanctuary Church and FFWPU claim they are the true inheritors of Reverend Moon's messianic mission. It is patently clear only one organization can legitimately possess that title. Although this present struggle is taking place with just a tiny fraction of the world's population, I believe the decisions we make on this issue will have cosmic reverberations for generations to come.
