I am the Lord your God, who brought you out of the land of Egypt, out of the house of bondage.

You shall have no other gods before me. Exodus 20:1-3

If God does not exist, everything is permitted. Dostoevsky

When I was born, there had to exist a girl who was destined to become my wife. After marriage she had to follow her husband. Then after reaching the grandmother's age, she has to follow her son. This is clear like pure water from heaven."

Greetings!,

A central message of the Bible is to separate from evil. As it says in the very first commandment, "You shall have no other gods before me." Christians, who were taught by Jesus not to judge others, need to distinguish between the need for personal humility vs. being tolerant of evil.

As Hyung Jin Nim explains in his sermon, "Kingdom Vigilance," the promotion of "multiculturalism" is in reality the promotion of relativism, which destines people for separation from God, unhappiness, societal deterioration, and, yes, hell.

Kingdom Vigilance - Rev. Hyung Jin Moon - December 4, 2016

Each political movement has a vision of society, which is why it matters who is elected to be President. God will use the macrocosm to save the microcosm. King Cyrus, a pagan leader, was used by God to liberate the Jews from captivity in Babylon and rebuild the wall in Jerusalem.

The traditional political Right in the U.S. is Christian-based and therefore restrained, thinking we just need to use facts to persuade others, but the Alt-right mocks the establishment. They understand the need to detest evil. By mocking the hypocrisy and intolerance of the progressive Left, we free people from the illusion of a multi-cultural, anti-Christian "cult" that is dominating our country.

The moral posturing on the part of the progressive left is enforced by an alliance of centralized government and its mainstream media allies. The [hypocrisy of progressives is revealed when you consider that they are less likely to donate](#), or when it was revealed that [much of the Haitian Relief Funds collected by the Clinton Foundation went to FOBs \(Friends of Bill\)](#), with little reaching the needy in that battered nation. It's important to remember that charity is not when you vote for OTHER people's money to be taken from them and given to others.

The vast majority of American colleges, where you are [more likely to have a Marxist professor than a conservative one](#), indoctrinate students into socialism. Someone must stand up and say we won't allow you to bully and guilt-shame us. Major Korean leaders are beginning to stand up against Mother's heresies, but some are still hiding.

Despite God's victory in the Presidential election, will America become self-centered, hedonistic and narcissistic? Or live according to God-centered values, desiring the whole world to have freedom and sovereignty? After entering Canaan, many of the [Israelites compromised with the local culture and worshipped Baal](#) and other "deities."

Hyung Jin Nim concluded the sermon by showing a fascinating video from ["The Truth Project"](#) in which Dr. Stephen Meyer discusses why morality must be rooted in an objective reality based on the existence of God. Religiously based morality is not based on the arbitrary rule of God, but rooted in His nature, as discussed in "Virtue Ethics." Naturalism and materialism, rooted in Darwinism, the dominant ideologies of our age, lead to the view that there is no free will and therefore no real moral responsibility. It is tragic that the vast majority of American universities don't explore their factual and logical fallacies.

May God bless you and your families!
