Before I formed thee in the belly I knew thee: and before thou camest forth out of the womb I sanctified thee, and I ordained thee a prophet unto the nations. Jeremiah 1:5

What is the standard for going to the Kingdom of God? It is to love God more than one's own child. Without loving God the most, one cannot leave the realm of Satan. Therefore, if one does not love God more than one's wife or husband, one cannot enter the Kingdom of God. Some fallen people are in the situation of leaving the realm of Satan and yet staying in the edge of the realm. In other words, they have not left Satan's realm

completely. Therefore, one should not love one's father and mother more than God. SMM, The Kingdom of God, Earthly Life and Spirit World II Book 3, The Completed Testament Age and the Ideal Kingdom

Dear,

Before I discuss Hak Ja Han's statement that "Father works by the Principle but I do not" (see below), I'd like to discuss Hyung Jin Nim's Sunday Sermon. He discussed how abortion clinics are death camps where tearing unborn babies apart limb from limb takes place on a daily basis. Over 60 million have been murdered in the U.S. since 1973 when the Roe v Wade Supreme Court decision mandated the "constitutional right to abortion in all 50 states.

This is not a new conflict, it's an ancient battle. The upcoming *Our Father Forsaken* book compares the Christian view of the value of human life to the Roman one. Different religions talk about everything as "energy." The Sanctity of Life chapter describes the pagan practice of cannibalism of aborted fetuses. Abortion and infanticide were widespread in the Roman empire, but the Christians did not accept those.

The Leftist "cult" wants power. Their arguments are based on a materialist ideology and are therefore ideo-logical. When opposed, they resort to bullying tactics. When you join the leftist cult you support a system that kills millions and views humans as little more than hairless bipeds. Abortion is just "removing a clump of cells." It's Political Satanism whether its adherents are consciously aware of it or not.

Science often proves what the scriptures say, but media and the education system usually do not report that. Darwin said that "my theory will fail if we do not find transitional species," which were never found even though one hundred and fifty years later we now have a thousand times more fossils discovered than in his time.

In the "Unplanned" movie, Abby Johnson, a former Planned Parenthood clinic director, testifies how finding baby parts piled up in a bucket changed her mind and heart. Hyung Jin Nim recently interviewed for The King's Report Maryann Lawhon who, as a young nurse working in the obstetrics unit of a hospital, found a baby alive in a dirty utility room lying on a cold metal table. The staff told her not to worry, "it's just an abortion." But an inner voice told her to hold that baby in her arms and speak love to him before he died. She said, "I name you John, and I will tell the world what I saw here today. I will be your voice!" Her story was made into a movie called ["The Voice of John."](#)

The US Department of Health and Human Services spends \$100 million per year on projects using fetal organs and tissues from abortions. In 2017, \$20 million was spent on fetal experimentation. Does a good government buy dead baby body parts?

Just by standing there in front of the clinic we were able to fight against Satan's culture. Though our numbers are small, when aligned with God's purpose, the impact of our actions are far more than we can imagine .

### **Hak Ja Han: "Father works by the Principle but I do not." and Reflections on Substantial Word's Book**

Several brothers and sisters have asked me about the "Substantial Word Research Group" and their new book, *Foundation Day and Seonghwa: The Kingdom of God Father Left Behind*. I recently participated in a 3 hour discussion with brothers and sisters involved with this ministry and would like to share some reflections centering on 4 issues, covering two this week and two next week.

1. I resonated with the book's focus on True Father's words about the crucial role of personal repentance and a true life of faith, mind/body unity and judgment by God's Word, Heart and Character. I agreed with the book's statement that our salvation is NOT based on a) faith of indulgences, b) slave-type faith, c) faith of

achievements, or d) conditional faith. I appreciated the emphasis on connecting with God's heart and *shimjeong*, as Father taught us many times.

2. Unfortunately, the Foundation Day and Seonghwa book (FDS book) makes theological assertions about the lineage of the True Family and the True Mother role that I believe contradict the Divine Principle and Father's words. For instance, on page 45:

*"Saying that one's mother has fallen implies that she was in a state of imperfection. What lineage would the children born from such a mother have? Can someone with that lineage be the successor? If they can, then what is the basis for that?"*

*And on page 46: "from this perspective, for one to claim their legitimacy as the true successor of God's lineage by virtue of having the same lineage (biologically), inevitably means that when he or she was born, the mother must have been perfect."*

Clearly the FDS book is stating that for the children in the True Family to be born without Original Sin the "True Mother" must be perfect. Is that what Father taught? Or does the Substantial Word group really think that the anointed heir's claim is merely biological?

The Divine Principle explains that Christ must come "as the True Parent of humanity because only he can remove the original sin by giving rebirth to humanity, born of fallen parents (Exposition of the Divine

Principle, p 179)." In *Blessing and Ideal Family* - I, Chapter 4, Father explained that "Before Christ came, woman was laboring as the archangel's wife. But when the Christ comes, the archangel will lose his bride to him."

In other words, Christ comes with the unfallen seed and restores a woman from the fallen world. The "True Mother" need not be "sinless" and she need not be perfect, as suggested by these words in the FDS book. In 1960 Hak Ja Han was prepared, but she was not "perfect." Neither were the two previous candidates. As can be seen in Father's statements below, despite her many trials and challenges, she sadly did not achieve perfection in later decades either.

True Father praised Hak Ja Han many times and encouraged her to fulfill her portion of responsibility in an extremely difficult course, but it is clear from Father's words in the last decade of his life that he was painfully aware that she was struggling. To give a few examples:

**The Providence through the Blessing, Vol. 312, p. 177, October 15, 1999 Uruguay** "Mother also must have Absolute faith, Absolute love, Absolute obedience. It is not centered on self. Absolute faith, Absolute love, Absolute obedience to Father. Therefore **if Mother, who is present here, has her own thoughts and builds her own nest it will become a big problem. Rev. Moon will not be tangled up in that. But if that inevitably happens I will jump over that. I'll build a mountain again. Now we entered the Completion Era and if Mother does not fulfill her responsibility, there are plenty of candidates.**"

**Sermons of Rev. Moon, Vol. 394, pp. 35~36, October 6, 2002** "Jesus was called "the only begotten son." This is an amazing word. He attended God as his Father, and said, "I am the only begotten son." The only begotten son is a first son of first love. God's hidden love is his root and everything should become the fruit which is connected to him. Although Jesus was the only begotten son, was there the only begotten daughter who was supposed to be his object partner? History of salvation is [history of] restoration. **Where is the only begotten daughter? She is a fallen woman. A fallen woman.** ("Absolute faith, love, obedience and a path for glorious establishment of fatherland," Oct. 6, 2002)

**Volume 433, page 139, January 26, 2004** "Now, Mother is here too, but **what the teacher is saying is that he wants to split with Mother and prepare for a new marriage. That is right. My God, she is still tainted! Of course, what I mean is not that I will form a family with someone else. What I am saying is that I cannot keep up my love for her. The slate needs to be wiped clean, and there has to be love anew.**"

**Volume 489, pages 27-29, of Father's speeches, February 2004:** "So finally the True Parent came along and worked hard in order to become one with God and lay claim to the body for eternity. **You need to know this. Mother needs to be recreated, remade. There is nothing over which Mother can lay claim...** Mother do you understand? You need to know your responsibilities and the responsibilities of Father."

Father continued by admonishing the leaders: "You wretched people. Do you know what happens when you peddle Mother who hasn't even succeeded in the divine right of kings? Satan will knock you down. In the United States the person who was the chair of the Women's Federation was asking these kids, 'Does Father respect or worship Mother?' And this bastard was teaching the kids that Father ought to worship her."

**February 21, 2005** "Is there a center of the Unification Movement? Is there a family core? The teacher is enduring all these difficulties until now in order to overcome the tribulations that can only be overcome by properly establishing Mother... Unifying the world is easier than raising a woman and making an ideal wife of her...Mother does not know about this. **She should be listening right now. She should know this. Do you know what she said yesterday? She said, 'Father works by the Principle but I do not.'** "

**July 3, 2005** "Mother needs to become completely united with Father by the time we enter the greater world. Mother does not know this. **Until now, Mother has been just like any other woman in the world.**"

**February 16, 2009** "I am trying to bring Satan under submission with the supremacy of the Garden of Eden, Mother is not able to. 97% is done but 3% is still remaining. **While in Las Vegas, Father and Mother did not become one. She said, 'I won't listen to what Father says.' Had I responded to that, the two could have split and Father and Mother could have become unrelated people.**"

**Comments:** As Father has explained, True Parent's marriage in 1960 was the formation stage Blessing; only after 4 decades of family life could they receive God's Blessing on the growth stage. The final completion level Blessing which was originally scheduled for January 2012 and then postponed to Foundation Day was never substantiated. That is the ever so sad and shocking reality with which God was faced in respect to what has happened at this time of the Second Advent.

Until his last dying breath, Father prayed for Hak Ja Han to overcome. Can you imagine how much Father suffered knowing that his wife of five decades had long ago divorced him in her heart? *Wasn't this the worst crucifixion he had to endure?* After Mother cast him out in early 2013 for not supporting her Only Begotten Daughter heresy, Hyung Jin Nim also waited two years before "Breaking the Silence" in order to awaken brothers and sisters to what really was going on.

But as Father said in 1999, there were other candidates. Father instructed several sisters not to get married. Later he blessed these sisters to saints in the spirit world. After Hak Ja Han's rebellion to Father's clear directions became evident, one of these sisters, Hyun Shil Kang, at the age of 89 exhibited extraordinary courage and faith by coming to Pennsylvania to attend and support True Father's anointed heir, Hyung Jin Nim. Her doctor warned her that she might die if she took the long distance flight to America. She was in fact willing to do so.

On September 23, 2017, this outstanding sister, his first disciple in South Korea, whom Father called the "Mother of the Unification Church," was blessed to True Father in the Perfection Level Holy Blessing of True Parents. His shattered heart must be healed knowing that this exceptional sister risked her life to love and attend him one more time.

As explained in the Divine Principle, if Christ's physical lineage is of no importance, then He did not have return to the earth a second time. Restoration is BOTH physical and spiritual. That is why Father said an heir from his direct lineage would always serve as the center point to preserve his teachings and continue the providence.

It is also true that Hyung Jin Nim's qualification to be the anointed heir is not just based on the fact that he is one of Father's sons. Father asked him and Yeonah Nim three times if they had kept purity until marriage. Fortunately, they were victorious in this area, which is one of the reasons they have a beautiful Absolute Sex marriage and two decades of experience as parents that new and older blessed couples

continue to benefit from. Hyung Jin Nim did not seek this position and he did not appoint himself. He simply surrendered to Father's heart and will that he serve in this role.

It is regrettable that the *Foundation Day and Seonghwa* book does not clearly discuss the facts that True Father anointed his youngest son three times and said he was more qualified than any other person in the True Family or in the entire Unification Movement. The brothers and sisters from the Substantial Word group say that they and Mrs. Komaba know that Hyung Jin Nim is the anointed heir whom Father chose. If that is correct, she should clearly say so. It is not her job to evaluate his worthiness when True Father himself said he is exceptionally qualified far beyond anyone else.

Much more could be said, but it will have to wait until next week's email!

Sincerely,

Richard
