WFWP S.London/UK share about their recent Morning Gathering under the topic 'Importance of Marriage', which took place on 20 Oct 2016 in Haslemere Hall in South London:

"It was a very good gathering with Dr. Zohra Zaidi speaking about the 'Importance of Marriage' she said:

Marriage is a house guided by Divine laws, so that the family can live in peace and happiness. Compromise from both the partners is required to make this institution sacred and blissful as God wants.

Marriage is not the solution to the problems of life, it is the beginning of a new life, a life full of challenges; at times a lot of obstacles have to be overcome to lead a righteous way of life.

We make sacrifices for the children, at times we have to contribute to the monetary income for the family, take care of the elders etc. Our basic rule is to have a happy home. Children brought up in a happy environment feel secured and protected. When they grow up without fear and anxiety they perform better in school and college, they grow up as well-balanced individuals.

After about 30 minutes talk we had questions and answers and most of the participants expressed their feelings. It was a quite exiting discussion.

We shared refreshments and listened to songs from some of the ladies."
