

## The difference between ancestor liberation ceremony and indulgences

Elio Roman  
February 6, 2019

1. Ancestor Liberation was instituted by the Messiah. Indulgences were instituted by the Pope.
2. Ancestor Liberation is the removal of original sin through the change of blood lineage from Satan's lineage to God's lineage. Indulgences do not promise and cannot change one's blood lineage.
3. Ancestor liberation ceremony requires a kyumbae condition, and an ansoo condition as well as a financial offering.
4. The Messiah has all God's authority in the spiritual world and earth, the Pope does not.
5. Heung Jin Nim offering his sinless body opened the way to ancestor liberation. Jesus offered his sinless body to liberate Jewish ancestors from the realm of "tombs" to the realm of "Paradise." As the Messiah, Jesus had that authority from God. The Pope's body is sinful and cannot be offered as a sinless offering. .
6. The body is made up of all material elements of the physical world, money represents all things of the material world, fortunately we make a financial offering, offer kyumbaes and perform ansoo with our physical bodies and don't need to offer the life of our physical bodies, or animal sacrifices as the Jews offered for the forgiveness of sin. The animal sacrifices represented wealth....
7. Without our offerings our ancestors have no way to have a change of blood lineage. They would be stuck wandering in lower realms unable to resurrect to higher realms.
8. Also, because of ancestor liberation ceremonies people on earth are released from having to pay tremendous suffering (often unspeakable) and hardship for thousands of years in order to cleanse the sins of their ancestors, but they will never be able to cleanse their original sin and undergo a change of blood lineage. Only the Messiah can set the conditions to enable ancestors to undergo a change of blood lineage. Not the Pope...
9. Ancestor liberation ceremony is part of the Merit of the Age, involving the restoration and resurrection of people on earth and in the spiritual world.
