

Original Divine Principle Workshop Bonn, Germany, 25. – 26. February 2012

From Saturday 25th to Sunday 26th of February we held the second part of the Original Divine Principle Workshop in Bonn. Lecturers were Dr. Dieter Schmidt and Detlev Klemme. Again many first and second generation members and three guests attended.

On Saturday afternoon Dr. Schmidt gave a lecture about the teaching of the constitutions in traditional Chinese medicine which some additional guests attended. This knowledge can be used as a tool for achieving the first blessing.

At the end of the workshop we had reflection time. 38 certificates of completion of the ODP workshop were handed out by the lecturers to those who had attended both weekends.
