### Greetings from WFWP USA!

As you know, at Women's Federation, we are all about uplifting each other and building positive relationships. Now that many of us are stuck inside under quarantine or stay-at-home orders, we're spending a lot more time with our families, right? This can be a tremendous blessing as well as have some challenges if we're being honest.

**So for the next four weeks, every Wednesday at 2 PM Eastern, we are offering you exclusive access to the Cornerstone for Happiness: Marriage and Family Seminar, live on Facebook.** Come learn some practical tips and tools on how to create loving, fulfilling, meaningful relationships in your family. We'll take a look at some of the challenges to creating the families we all want and how we can make loving our families an active spiritual practice every day.

### Some of the feedback from previous participants include:

*"I have been married for twenty-five years and I needed to hear this."*

*"Many subjects definitely hit home today. It's too bad I didn't know about this material before because it would have helped my first marriage to be better. I would absolutely want to bring my friends to this kind of program whether they were single or married so they could benefit from this advice."*

In this time of crisis, we want to help you to **enhance the most important relationships in your life.**

Join the sessions live or watch the recording later. Invite your friends, like us on Facebook, and share the joy!
