May 22, 2020

After officially launching the Global Women's Peace Network in five regions across the United States last year, this project is now entering the next level. WFWP USA is excited to announce the first live, interactive GWPN event series called "Reflect. Reset. Rebuild" on May 27th, 2020.

For the next three months we will be diving into important issues and topics related to our current times. To kick off the first event of the series, we will be talking all things life and business!

How have you been dealing with the challenges in your business? How has it affected your emotional state, and personal relationships? We are here to provide solace from the storm and a space for you to reflect, reset, and rebuild your spirit and your business!

We are honored to be kicking off this series with presentations from two absolutely engaging women leaders, who have gained the reputation of speaking with both expertise and heart. This is meant to be an interactive experience together with all of you, so bring your questions!

If you know of 2 or 3 close friends you think would benefit from a free uplifting session like this right now, share this article with them!

We will see you live on [facebook.com/wfwpusa](https://www.facebook.com/wfwpusa) on Wednesday, May 27th, at 2pm Eastern!

Like our Facebook page for the live notification.
