Dear ladies and friends,

We are very happy to announce the **Second One Million International Rally of Hope**, as thousands and millions around the globe will tune in again to hear voices of hope, hear from visionary and peace-motivated world leaders, and of course, the voice of the Mother of Peace!

Dr. Hak Ja Han Moon, our esteemed WFWP founder and role model, has been single-handedly leading this movement of hope and movement of "Peace Starts with Me," and she is inviting as many people around the globe as possible to join together for the sake of peace and to find a solution to our common global problems. She is also calling on humanity to acknowledge, affirm and confirm the Presence of a Loving Creator, universally shared virtues and values, and to work together beyond our differences.

**Please, join in this historic movement of hope that is in the making, and also share your thoughts and insights about how humanity can come together in HEART.**

**Click on the link below to register today, and invite your family, friends and colleagues!**

Here is to Hope! Cheers!
