

How did WFWP change my life? A dream made real

Angelika Selle
December 26, 2020

Women have so many incredible dreams of how to love the world and make a difference for the human family.

To bring light and positivity to others. To coach parents how to connect with their children in heart. To learn how to turn the tide of culture toward love.

Women's Federation for World Peace gives women the opportunity to make those dreams real! One special woman shares how her experience with WFWP led to her career and mission:

"WFWP changed my life as a young girl in Nigeria"

In 1993, she pioneered a WFWP project to support handicapped people. Through the project, she helped discover a way for disabled people to still enjoy playing soccer together. This became a novel invention for Nigeria. **Now, she is representing her state in all handicap affairs, "which came as a result of what I did in the past with WFWP!"**

Your generosity today means more leadership training for women! **We reached over 12,000 people with WFWP's message and education in 2019. You can help double or triple our impact for greater peace in 2021!**

WFWP continues to provide a strong network of support for plans, goals, dreams, and projects that benefit hundreds of women and families.

**Will you give today to support women who share
the Culture of Heart?**

Yes! I want to give to WFWP!

WFWP works for sustainable peace, through our Leadership of the Heart education, through our Cornerstone for Happiness relationship education, and by networking with like-minded organizations to strengthen our impact.

Your love this season of giving will keep WFWP strong in the new year; please share this campaign with friends and family on social media!

Help women share their nurturing and resilient hearts with the world!

"The time has come for humanity to tune our ears to the sound of heaven."

- Dr. Hak Ja Han Moon

This year has been a whirlwind of unexpected challenges. We've had to adapt our daily lives to new circumstances, manage our own stress, and care for our families and communities in new ways. Having a larger community of people dealing with the same challenges, available to us night and day on social media, has been a blessing. There are countless voices and personalities online with advice, resources, and sympathy that we can tap into. But there is one community that we feel is unmatched in providing a place of inner renewal, where women can connect with the big vision of Creating a Culture of Heart: Women's Federation for World Peace USA!

Your kind donation today will ensure that women sharing the Culture of Heart can continue programs like our Global Women's Peace Network Forum series, which brings the wisdom of business and academic leaders, and many others, into the service of a new culture.

This season of giving, our goal is to raise \$20,000 by December 31st. Your support will keep WFWP strong in 2021! Together we can continue to empower women with knowledge, skills, and a supportive community to discover their unique value and create lasting peace.

A few highlights from this year:

- Over 12,000 people received WFWP education through social media, TV, and radio
- Nearly 1,000 people participated in WFWP education programs
- Over \$12,000 was raised by the Northern California chapter for our Schools of Africa
- WFWP Girls in New Jersey delivered “Bags of Love” gifts to healthcare workers
- Partnership with Stand Up to Poverty’s Haiti medical mission trip
- “Turn the Tide” weekly phone prayer circle

Comments from WFWP program participants:

"I am looking forward to this happening growing bigger worldwide. It was fun and brought much happiness to everyone."

"I [am] inspired as a woman. I can't give up. I am a builder of peace that starts with me, my family, and society."
