Dear Women and Mothers of Peace:

Greetings in this beautiful month of May! We always enjoy coming together in very much needed prayers for peace and healing for our nation!

For the next few weeks we will be choosing quotes from our Founder, Dr. Hak Ja Han Moon's "Messages for Women" booklet, which is published by WFWP USA, where she clearly outlines the important role and work of women needed at this time in history.

Please see the quote below. We hope you enjoy it, and get inspiration from it.

Meeting again by phone this **Saturday, May 22, 2021 at 1 pm ET** as the Interfaith Women's Prayer Circle for Peace and Healing.

Feel free to also invite other family members, friends or colleagues to participate.

With love and prayers

Angelika Selle and Rev. Dr. Linda Nishikawa

In these circumstances, the true family blessing movement and the pure love youth education that WFWP is promoting worldwide are, in the fundamental sense, movements for peace. They are movements that can save the nation and save the world—unique peace movements of the highest dimension driven by the power of God's true love.

I believe that we members of WFWP need to have a special sense of mission in our work. Based on the moral laws and principles of the universe, we need to make our families whole and sound in accordance with the heavenly way of life. We have to point our societies in the right direction and make our nations righteous and strong

Thus participation by women is needed in all aspects of society, from diplomacy and politics to the economy and legal system reform. Women also need to be active in education and culture, in sports and the arts, not to mention the diverse activities of NGOs.
