**"Women's Role in World Peace"**  
**Messages for Women from Dr. Hak Ja Han Moon, page 20**

In these circumstances, the true family blessing movement and the pure love youth education

that WFWP is promoting worldwide are, in the fundamental sense, movements for peace. They are movements that can save the nation and save the world—unique peace movements of the highest dimension driven by the power of God's true love.

I believe that we members of WFWP need to have a special sense of mission in our work. Based on the moral laws and principles of the universe, we need to make our families whole and sound in accordance with the heavenly way of life. We have to point our societies in the right direction and make our nations righteous and strong

Thus participation by women is needed in all aspects of society, from diplomacy and politics to the economy and legal system reform. Women also need to be active in education and culture, in sports and the arts, not to mention the diverse activities of NGOs.
