Dear WFWP Friend and Supporter,

We were so glad to see so many of you at our Watch Party of the Peace and Blessing Festival last Saturday!

It was certainly an evening we won't forget as we shared together in music and uplifting messages all celebrating the importance of strong and stable families as the school of love and peace. A special highlight was hearing the keynote address from Dr. Hak Ja Han Moon, WFWP Founder as she called on us to work to strengthen families in America. After the main program concluded, we also heard three powerful testimonies from our WFWP leaders and their husbands on why their families committed to the Marriage Blessing and the ideals it represents.

If you missed the program, we encourage you to watch the recording of our Watch Party below. Many amazing reflections have come from those who joined in live from the United State, Canada, Africa, Philippines, Austria, South America, the United Kingdom, and more.

"Thank you so much, this was delightful. Great new beginning."

"This was so very awesome. Fabulous program and grand message."

"We can do this all together. We really are one family. It is so evident by the love I feel and experience with everyone who has been touched by this movement."

Read below for information on how you can continue to engage with us as we seek to revive ourselves, revive our families, and revive America.

Sincerely,
WFWP USA
