Mother of Peace A Memoir by Dr. Hak Ja Han Moon, Page 349

The United States is a Christian nation on a spirit-led continent. Let me explain about its course toward becoming a Heavenly Nation. The paths of Christianity and the United States are entwined. The Roman Empire legalized Christianity in 313 CE. From the Italian peninsula, Christianity leaped across the European continent to the British Isles, where it grew strong. But over the next millennia, Britain lost the ability to practice Jesus' teachings to "love your neighbor as yourself." She placed the monarch as ruler of the church and created a state monopoly on religion. By the seventeenth century, Great Britain was gaining power, but it was suppressing many sincere followers of Jesus. God's providence could no longer develop there, and it moved west with the Puritans who braved the treacherous ocean in search of religious freedom. The United States we see today was born of those sacrificial Christians.
