"When our mindset (and heartset) changes from wishing to receive love, to wishing to give love, then world peace will be at hand."

- Dr. Hak Ja Han Moon

Dear Women and Mothers of Peace,

What a most beautiful, heartfelt, deep and inspiring prayer circle we had, just one day before Independence Day!

The reading was reflected upon by many in a most profound way, worth to hear again and to share with others. And in my unprofessional way, upon request from Dr. Linda, I sang the "God bless America" song at the end. Prayers of the Mother's heart sealed the brief but powerful prayer circle, which we hope will be a blessing to many!

Here is the **recording for the Saturday, July 3, 2021 Interfaith Women's Prayer Circle for Peace and Healing:**

Mother of Peace

A Memoir by Dr. Hak Ja Han Moon, Page 349

The United States is a Christian nation on a spirit-led continent. Let me explain about its course toward becoming a Heavenly Nation. The paths of Christianity and the United States are entwined. The Roman Empire legalized Christianity in 313 CE. From the Italian peninsula, Christianity leaped across the European continent to the British Isles, where it grew strong. But over the next millennia, Britain lost the ability to practice Jesus' teachings to "love your neighbor as yourself." She placed the monarch as ruler of the church and created a state monopoly on religion. By the seventeenth century, Great Britain was gaining power, but it was suppressing many sincere followers of Jesus. God's providence could no longer develop there, and it moved west with the Puritans who braved the treacherous ocean in search of religious freedom. The United States we see today was born of those sacrificial Christians.
