Dear Women and Mothers of Peace,

We had a very deep, heartfelt and powerful prayers during our prayer circle last Saturday for peace and healing of our nation. Thank you to those who joined and prayed with us, and we hope you had left inspired and rejuvenated from the call.

Many of you reflected on the reading beautifully. Please tune in to the recording if you couldn't make it or would like to listen again and to share with others! We were also given the special opportunity to hear Diane Hack prayerfully sing "Oceans," which was a powerful way to end our time together in heart.

See you at our **next Prayer Circle on Saturday, July 31, 2021!**

With love and gratitude,  
Angelika Selle and Rev. Dr. Linda Nishikawa

## **Women's Role in World Peace**

**Messages for Women from Dr. Hak Ja Han Moon, page 19**

The world of peace is not initially accomplished on the global or even national level. Peace must first be realized in the individual and in the family because these form the basis for all human organizations and systems. Core issues of world peace essentially depend on the question of how peace can be attained within the individual and the family.

The original ideal of God's creation was to accomplish the Kingdom of Heaven on the earth and beyond that a world of the seal of love that also embraced the spiritual dimension. Thus, a Kingdom of Heaven was to be formed in both the spiritual and physical worlds. This ideal was to be achieved by expanding the model of an ideal family to the world level and then the cosmic level. For this reason, a family of true love is the fundamental unit and basis of an ideal world of peace.
