Dear Women and Mothers of Peace,

Thank you for your heartfelt prayers and attendance on the prayer call last Saturday. We are grateful for this growing and healing space where we can reenergize ourselves to unite in heart and to better serve our families, communities and nation.

Please tune in to the recording if you couldn't make it or would like to listen again and to share with others! (*Click on the button down below for the recording.*)

Also, at this time, I would like to **sincerely thank our beloved Rev. Dr. Linda Nishikawa, who has been co-leading this effort since January 2021**, and is now moving on to many new responsibilities. Dr. Linda truly poured her heart, soul, effort and passion into creating a strong foundation for this important prayer circle, and will of course stay connected. Once again, **a big THANK YOU to you, Dr. Linda!!!** We wish you greatest blessings and love from our Creator for the work you are and will be doing!

A very **warm welcome to Mrs. Sahara Cardenas**, a young mother of 5, who is also our WFWP Regional Coordinator in the Midwest. She immediately stepped up to this role as my co-leadership when I asked her! Thank you for that, Sahara! **WELCOME Mrs. Sahara Cardenas!**

See you at our **next Prayer Circle on Saturday, August 28, 2021!**

With love and gratitude,
Angelika Selle and Sahara Cardenas

Mother of Peace: A Memoir
By Dr. Hak Ja Han Moon, page 198

Healthy societies of all races, nations and religions arise on the foundation of morality and ethics, which in turn arise on the foundation of the love of God between husband and wife, parents and children. This love of God in the family is the source of absolute values, values that are universally shared and taught by all religions. We inspired faith leaders to work together and teach these universally shared values. We actually have invested more of our movement's resources on this than on the growth of our church.
