# CORNERSTONE *for* PEACE

Dear,

As we prepare for the new year of 2022, what about making a resolution to invest into refreshing, reviving, and rejuvenating your marriage and family?

WFWP Founder Dr. Hak Ja Han Moon has said, *"True love is the power that unites a man and a woman eternally. When you love each other completely, your beloved lives within you and you live within your beloved. True love is the only thing people really are seeking. It transforms every sadness and pain into joy."*

Though we all long for a happy, healthy, and harmonious marriage & family, it can be quite challenging to accomplish that ideal. Approximately 40 percent of marriages today end in divorce and more and more young people choose to forgo marriage altogether. The unfortunate reality is that we do not see enough models of ideal families in our culture or a society that celebrates and supports family as the school of love, virtue, and peace.

**The great news is there is hope!** Millions of people from around the world have discovered a simple, yet powerful formula which has revived, strengthened, and uplifted their marriage and family. **We will be presenting and discussing these principles on January 6, 8:00 to 9:30 pm eastern at the Cornerstone for Peace seminar.** Whether you are currently married or single, **this seminar will be transformational and can set you on a path to experiencing true love substantially in your life.** See below for more information and how to RSVP for this free seminar.

See you there! **Here's to a new year of strong, resilient, and wholesome marriages and families!**
