

New Year's Wishes from  
Womens Federation for World Peace USA  
Angelika Selle  
December 31, 2014

Keep your thoughts positive  
because your thoughts become your words.  
Keep your words positive  
because your words become your behavior.  
Keep your behavior positive  
because your behavior becomes your habits.  
Keep your habits positive  
because your habits become your values.  
Keep your values positive  
because your values become your destiny.

[Words of Mahatma Ghandi]

In that same spirit WFWP USA wishes you

Positive thoughts;

Positive words;  
Positive behavior;  
Positive habits;  
Positive values;  
And let that be our common destiny.
