Happy Birthday to Dr. Hak Ja Han Moon!

Angelika Selle

February 24, 2015

WFPP USA congratulates our beloved co-founder, Dr. Hak Ja Han Moon, on her birthday today! We thank her for being such an example and inspiration to all of us in so many different ways:

WE ADMIRE HER for her virtue, courage, sacrifice, wisdom, unselfishness, and unending devotion to God, our Creator, and for her over 50 years of devotion to her husband, the late Rev. Dr. Sun Myung Moon. (Incidentally, they were born on the very same day of the year!!)

Happy birthday also to her late husband, who was a great promoter of women's leadership with a mother's heart!)

WE THANK HER for persevering, enduring, and suffering, with her great inner strength, through the most unbearable and unspeakably painful situations publicly and personally, yet emerging from them with a smile on her face and looking FOREVER YOUNG!

WE THANK HER for successfully giving birth to 14 wonderful children (amazing!) and raising them under

the most adverse circumstances with nothing but unconditional love and the heart of a true mother.

In the process of all this, she has moved God's heart and given hope to thousands of women around the world, who see her as their role model.

Congratulations on this Special Day, and many happy returns!

Respectfully and lovingly,

Angelika Selle and the Board and Staff of
WFWP USA
