WFP-USA Donated Relief to Earthquake Victims in Nuwakot & Rasuwa

WFP was the first organization to reach Nuwakot and Rasuwa to support the earthquake victims.

WFP made a point to reach remote areas that are often overlooked in relief aid efforts.

WFP distributed rice in the Nuwakot District in the village of Gangate to families whose homes were totally destroyed. Nuwakot is 80 km from Kathmandu.

30 kg (66 lbs) rice bags for 75 families

After Nuwakot the team of WFP board members travelled to Rasuwa to distribute tents. Rasuwa District is 120 km from Kathmandu.

Tents: 50 families

In Conclusion:

WFP Nepal felt very proud to reach places that were not getting relief from any organization or the government.

All the people that got support were very happy and very thankful to WFP-USA and WFP-Nepal.

We could help only a few families so far, although many need more support. WFP USA will continue to send donations directly to WFP Nepal to reach those in need.
