Your gift to WFWP makes a statement!

Donate Today

Dear Friend,

People throughout the nation have taken a stand and are speaking their values!

In 2017, donor support of Women's Federation for World Peace made possible **24 service projects** benefitting local and international communities, such as the Purse Project where women collected gently used handbags to fill with essential

items for fellow women who were homeless.

Will you give to help reach our \$10,000 goal by December 31st?

Together we can keep the goodness growing and further serve communities in 2018!

Together we are making peace a reality.

Best wishes!
